PART I.

Food Control Operations.

No. G. 15610
P. P. 6-19-193

GOVERNMENT OF H. H. THE MAHARAJA OF MYSORE;
GENERAL AND REVENUE SECRETARIAT.

Dated Bangalore, 9th January 1920.

MEMORANDUM.

The following Press Communiqué regarding the future policy of Government on the Food Situation is published for general information.

By Order,
C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

Exd.--R. K.

PRESS COMMUNIQUE.

Reports received from several parts of the State show that there is a general impression prevalent that the Government will shortly remove the existing restrictions on the export of food grains and that merchants are attempting to buy up the newly harvested crops at very high prices in the expectation of being allowed to export them or of otherwise profiteering on them. The Government desire to make it widely known that control will be maintained over the crop recently harvested and that they have no intention at present of withdrawing the restrictions on the export of paddy, rice, ragi and jola until normal conditions are restored. The control over horsegram will also be re-introduced at once. Not only will exports by rail be controlled by priority certificates, but frontier lookads and frontier police patrol staffs will be continued wherever necessary.

In view of the present seasonal conditions and of the satisfactory outturn of the crops now being harvested, and in the expectation that stocks would come freely into the market and that prices would go down, Government considered it unnecessary to continue the sale of food grains through Government agency, and ordered the closure of the Government Depots in the mofussil with effect from the 1st January 1920. It is now reported that stocks are being held back from the market and prices are being forced up. The Government desire to make it known that they will take all measures necessary, for keeping up sufficient supplies of food grains in the market by commandeering where necessary and for preventing profiteering, under the powers vested in them by the Defence of India Regulation. Sales will be organised through Co-operative Societies as far as possible and the depots will be continued wherever necessary.

Food Control Operations.

No. G. 15611-24—P. P. 6-19-194, DATED 9TH JANUARY 1920.

**PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.**

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. G. 13905-7—P. P. 6-19-172, dated 17th December 1919 directing that the appointment of Mr. K. Matthan as Food Controller be continued till the end of January 1920 and that his office establishment and other establishments be also continued during the period.

2. Government Order No. 889-91—C. B. 91-18-4, dated the 29th December 1919 permitting Mr. M. S. Ramachandra Rao, Assistant to the Food Controller to continue in that post till the end of January 1920.

3. Government Order No. G. 14767-83—P. P. 26-19-67, dated 29th December 1919 directing the closure of Depots in the Mofussil as early as possible after 1st January 1920, the sale of the stocks therein by auction and the closing of Frontier Oukads and Frontier Establishments on certain Frontiers at the discretion of the Deputy Commissioners concerned and of the Revenue Commissioner and the Inspector-General of Police in Mysore.

4. Letter No. 8791, dated 1st January 1920, from the Food Controller in Mysore enclosing copy of a letter from the President, Mysore City Municipal Council on the food situation in that city.

5. Letter No. C. F. 59—19-20, dated the 5th January 1920, from the Deputy Commissioner, Kolar District regarding the food situation in that district.

6. Letter dated 6th January 1920, from the Food Controller in Mysore reporting the abnormal rise in the prices of food grains.

7. Government Notification No. 926—C. B. 35-19-4, dated 6th January 1920, posting Mr. K. Matthan, Food Controller to the charge of the Bangalore District.

8. Telegram, dated 7th January 1920, from the Secretary, North Mysore Planters Association.

Order No. G. 15611-24—P. P. 6-19-194, dated 9th January 1920.

In view of the present seasonal conditions and of the satisfactory outturn of the crops now being harvested, Government expected that stocks would freely come into the market and that prices would go down and considered it unnecessary to continue the sale of food grains through Government Agency. They accordingly ordered the closure of the Government Depots in the mofussil with effect from the 1st January 1920.

2. The reports now before Government show, however, that attempts are being made to buy up the newly harvested crops with a view to export them as soon as the embargo on export is removed, that prices have been rising everywhere and markets are not adequately supplied.

3. Government have separately issued a Press Communique indicating the line of their future policy and are now pleased to issue the following instructions in pursuance of the same:—

(1) The post of Food Controller and his office and the Food Control Staff in all districts and taluks will continue until further orders, but the Deputy Commissioners, the Food Controller, the Revenue Commissioner and the Inspector-General of Police will have discretion to disband any portion of the staff working under them that are considered unnecessary to give effect to the future arrangements. Depot staffs will however, be disbanded except to the extent indicated in para (3) below.

(2) The Food Controller will take steps to import as speedily as possible the January allotment of rice from Burma and Bengal in its entirety. The imports may be arranged for as far as possible through merchants agreeing to sell under control and through Co-operative Societies.

No. G. 15611-24—P. P. 6-19-194, DATED 9TH JANUARY 1920.

(3) Sales of imported food grains should, as far as possible, be arranged through Co-operative Societies and where this course is not feasible, through Government or Municipal Depots. Depots will be re-opened for the purpose wherever the Deputy Commissioner or Food Controller may consider necessary, and on their being re-opened, the staff previously sanctioned for them may be re-entertained. Retail sales by importing merchants on their private account should be under strict control as in 1919.

4. The posting of Mr. Matthan ordered in the Notification of the 6th January 1920 read above is cancelled.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Revenue Commissioner in Mysore.
The Inspector-General of Police in Mysore.
The Food Controller and Director of Civil Supplies in Mysore.
The Presidents, City Municipalities of Bangalore and Mysore.

Foreign made Articles:

No. G. 17499-501—P. P. 11-19-175, DATED 29TH JANUARY 1920.

**PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.**

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. G. 419-69—P. P. 11-19-1, dated 7th July 1919, laying down the procedure in the matter of placing orders for articles to be purchased from foreign countries.

Order No. G. 17499-501—P. P. 11-19-175, dated 29th January 1920.

Large quantities of foreign made articles, such as machinery,—etc., are imported annually for the Public Works Department and Government consider that instead of sending orders piecemeal, it would conduce to better economy to place an order in advance for the quantities likely to be required for a whole year as more favourable quotations can then be expected and savings effected under freights and other incidental charges.

2. The Chief Engineer is accordingly requested to take necessary action in the matter and to forward for transmission to the Agents, consolidated indents of the requirements of the Public Works Department for 1920-21 after obtaining the sanction of Government in the administrative Department, where necessary. In forwarding the indents the following two conditions should be strictly complied with.

- (1) Each indent should be against a work sanctioned by competent authority and the number and date of sanction should be quoted in the application for purchase, and
- (2) Each indent should be against a specific grant in the current year's budget or, if the articles are intended to be used in the following year, satisfactory proof should be given to show that provision for the charge will be included and sanction obtained in the budget for that year.

3. It is very essential (1) that the indent should be sent well in advance of dates of actual requirements so that progress of works may not be held up pending receipt of the stores, and (2) that a reserve stock should also be provided for the subsequent year against any delays in securing the annual supplies.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

**To—The Chief Engineer in Mysore.
The Comptroller, Mysore Government.
The Financial Secretary to Government.**

Vacancies in Commissioned Ranks.

No. G. 15874—Mily. 70-18-168, DATED 13TH JANUARY 1920.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. G. 17592-3—Mily. 353-17-1, dated 22nd June 1918, constituting a Committee with a view to facilitate a proper and systematic selection of recruits to the Commissioned Ranks of the several units of the Mysore Army.

2. Proceedings of the Committee appointed under the above order which met on 24th July 1918, 11th October 1918 and 6th August 1919, respectively.

Order No. G. 15874—Mily. 70-18-168, dated 13th January 1920.

In the first meeting 21 candidates were selected, as being eligible for appointment to the Commissioned Ranks.

2. The Committee which met for the second time reconsidered their cases and recommended only five of these as being suitable to hold appointment in the Military Department, while selecting some others also.

3. For the third time the Committee met on 6th August 1919, and selected 11 candidates, classifying their names in three groups according to educational and other qualifications. (*Vide* list B.) They further recommended that before appointing them preference may be given to the three (*marginally noted) candidates (*vide* list A for details) who were selected at the second meeting but have not been provided for, provided they are in no way inferior in educational and other qualifications to the 11 referred to above.

4. Government approve the recommendations of the Committee and direct that the Chief Commandant should, in filling up vacancies, generally base his recommendations on the names in the order in which they appear in the annexed lists of selected candidates.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Chief Commandant, Mysore State Troops, with the lists A and B.

READ AGAIN—

Government Order No. G. 7923-5—Mily. 21-14, dated 18th December 1915, sanctioning special rates of wound, injury and family pensions.

READ—

Correspondence ending with letter No. 7446, dated the 29th January 1919, from the Chief Commandant, Mysore State Troops, in the matter of dispensing with the certificates of death of Indian Ranks in the Field for the admission of claims to family pensions.

Order No. G. 16658-60—Mily. 118-18-15, dated 20th January 1920

The Government of His Highness the Maharaja of Mysore are pleased to direct as follows :—

1. In respect of claims to family pension, a certificate of death is not required in the following cases :—

- (a) Individuals who have died whilst prisoners of war.
- (b) Individuals reports of whose death have been received through unofficial channels in the Central Casualty Bureau.
- (c) Individuals who having been first reported missing remain untraced after a period of six months and are consequently presumed to have died.

N.B.—(1) Ranks who die while prisoners of war are considered to have died on active service and family pension at the lower rate is admissible as for such cases as also in cases coming under (b) above.

(2) The above pension is also admissible at the same rate after the man is officially presumed dead c/o L. A. O. No. 428 of 1915. (3) Unofficial evidence of death except through the C. C. Bureau is not taken into consideration.

2. It will be sufficient if applications for pensions in the cases of (a) and (b) are supported by copies of the report of death received from the Central Casualty Bureau, Simla, or of the proceedings of the Court of Enquiry. In the case of (c) no report of death is necessary but family pension at the lower rate will be granted unless any evidence is forthcoming to the contrary.

3. The above will be inserted as an additional para under Appendix L of the Mysore Service Regulations.

C. S. BALASUNDARAM IYER,
Chief Secy. to Govt.

To—The Chief Commandant, Mysore State Troops.
The Comptroller to Government.

The Financial Secretary for the issue of the necessary addenda to the Mysore Service Regulations.

Printing Work of Public Departments.

No. G. 15137-96—P. & S. 6-19-38, DATED 6TH JANUARY 1920.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. G. 13906-56—G. P. 24-12-11, dated 11th June 1915, prescribing certain rules regulating the printing work of Public Departments in the Government Press.

2. Government Order No. G. 4832-3—G. P. 25-15-15, dated 6th October 1915, authorising the Superintendent, Government Press, to print the Revision Settlement Reports sent by the Superintendent, Revenue Survey, without the previous sanction of Government.

3. Government Order No. 9601-2—G. M. 136-15-15, dated 7th January 1916, authorising the Superintendent, Government Press, to print without the previous sanction of Government the statistical publications of the Meteorological Department, and to include them in the list of obligatory works to be done at the Government Press under para VI 3 of the Government Order of the 11th June 1915 read above.

4. Paras 3 and 4 of Government Order No. G. 15210-69—G. P. 11-14-3, dated 23rd January 1919, entrusting the execution of all printing work of Public Departments to the Superintendent, Government Printing, subject to the scrutiny of Government and laying down rules as to the entrusting of Government printing work to private presses by the Superintendent, Government Printing, when such work cannot be done at the Government Press.

5. Letter No. 271—T. A. D. C., dated 12th September 1919, from the Comptroller to Government, requesting that a definite ruling may be issued as to whether the Superintendent, Government Printing, is authorised to entrust to private presses without the previous sanction of Government, printing works of Public Departments costing more than Rs. 25 but less than Rs. 200.

6. Letter No. V. 375, dated 15—16th September 1919, from Superintendent, Government Printing, stating that it is not possible to approach Government for every item of Government printing work to be done at private presses without causing much unnecessary delay, etc.

Order No. G. 15137-96—P. & S. 6-19-38, dated 6th January 1920.

The Superintendent, Government Printing, is authorised to accept direct from the several departments, only the work specified in the Government Order of the 11th June 1915 and other orders adding to it.

2. All other printing work required by Public Departments, with the exception of petty items costing less than Rs. 25 which may be got done at the Government Press or at some private press *at the discretion of those departments*, should be sent to the Superintendent, Government Printing, only after obtaining previously the sanction of Government in the administrative department concerned. On receipt of authorised matter, the Superintendent, Government Printing, will arrange for its expeditious printing at either of the Government Presses, or at some private press, according to the pressure of work in the presses and at his discretion, without further reference to Government.

3. In the case, however, of works which are expected to cost Rs. 200 or more, according to the schedule of rates obtaining in the Government Press, and which he proposes to entrust to a private press, the Superintendent should call for tenders and submit them to Government in the Press Department, for orders as to the particular tender to be accepted.

4. The Superintendent should, before entrusting the printing work of any Government Department to a private press, get an agreement executed by the Manager of such press, specifying among other conditions, the time within which the work has to be executed. The final bill for each work should be paid only after obtaining the countersignature of the Departmental Officer concerned as regards satisfactory printing and correct delivery.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. G. 199-65-6—Med. 114-17-4, dated 7th March 1919, sanctioning the raising of the minimum pay of the Sub-Assistant Surgeons from Rs. 35 to 45 per mensem.

2. Correspondence ending with letter No. B. Dis. 24, dated 18—22nd July 1919, from the Senior Surgeon, submitting his opinion on the representations contained in the resolutions of the meeting of the Mysore Branch of All-India Sub-Assistant Surgeons' Association, *re* the pay and prospects of Sub-Assistant Surgeons.

Order No. G. 16768-70—Med. 119-18-5, dated 22nd January 1920.

The requests made by the Sub-Assistant Surgeons' Association are:—

(1) The pay and prospects of the State Sub-Assistant Surgeons should be on a par with those of the Madras Presidency. (2) A house rent of Rs. 8 in district headquarters and Rs. 5 in taluks should be paid where quarters are not provided. (3) A uniform travelling allowance of four annas per mile for ordinary and six annas per mile for urgent duties should be sanctioned. (4) (a) The daily allowance in cases of court or any other special duty should be increased to a uniform rate of Rs. 1. (b) An extra allowance of Rs. 30 in addition to pay may be given to those employed on duty in connection with the epidemic diseases. (c) In view of the cost of living at headquarters and district hospital localities an allowance of Rs. 10 similar to that sanctioned in the Madras Presidency may be given to those working in such places.

2. Government observe that there has been a very recent reorganisation of the Sub-Assistant Surgeons' Cadre improving their pay and prospects materially, the minimum pay being now fixed at Rs. 45. Those in the last grade who were drawing Rs. 35 a month have had a promotion to Rs. 45. There is no need for a further revision of pay at present.

3. Orders have recently issued on the question of travelling allowances of all officers including Sub-Assistant Surgeons. No further action on this representation is called for at present. The question of the grant of house rent and charge allowances is under consideration and separate orders in the matter will issue in due course.

4. Government are further pleased to direct that when Sub-Assistant Surgeons, not in receipt of a charge allowance are posted for epidemic duty, they may be given charge allowance at the rate admissible in the locality concerned, *i.e.*, Rs. 10, Rs. 15 or Rs. 20 according as the place happens to be maidan, semi-malnad or pucca malnad.

C. S. BALASUNDARAM IYER,
Chief Secy. to Govt.

THE MAHARAJA OF MYSORE**

GENERAL AND REVENUE DEPARTMENTS

READ—

Government Order No. 1929-39—Med. 24-13-118, dated 20th August 1914, sanctioning the appointment of two Special Revenue Officers one for Shimoga District with an allowance of Rs. 100 per mensem and another for Kadur and Hassan Districts with an allowance of Rs. 50 per mensem.

2. Government Order No. G. 4040-44—San. 125-17-6, dated 24th August 1918, appointing the Sub-Division Assistant Commissioner at Saklespur as Special Revenue Officer, Malnad Improvement for Hassan District, in addition to his own duties.

3. Notification No. 420—C. B. 4-18-30, dated 22nd November 1918, entrusting the Malnad Improvement work of the Kadur District to the Sub-Division Officers of Kadur and Tarikere.

4. Government Order No. 10426-7—San. 50-18-2, dated 4th December 1918, sanctioning an allowance of Rs. 50 to the Sub-Division Assistant Commissioner, Saklespur, for attending to Malnad Improvement work in the Hassan District in addition to his own duties.

5. Letter No. 150, dated the 31st March 1919, from the Deputy Commissioner, Kadur District, recommending the grant of an allowance of Rs. 50 per mensem to the Sub-Division Officer, Tarikere, for looking after Malnad Improvement work in his Sub-Division.

6. Government Order No. G. 27091-3—San. 103-18-2, dated 16th June 1919, directing that the Revenue Sub-Division Officers at Shimoga and Sagar should attend to Malnad Improvement work in their respective Sub-Divisions in addition to their duties and that the Personal Assistant to the Deputy Commissioner, Shimoga District, should be the Secretary to the Malnad Improvement Central Committee and the Shimoga District Committee.

7. Letter No. M. I. 202—18-19, dated 5th May 1919, from the Deputy Commissioner and Chairman, Malnad Improvement, Kadur District, recommending the grant of an allowance of Rs. 50 per mensem to the Treasury Assistant Commissioner for doing the work of the Secretary to the Malnad Improvement Committee, Kadur District.

Order No. G. 15401-5—San. 96-18-2, dated 8th January 1920.

In the first of the orders read above Government appointed Special Officers to look after Malnad Improvement work and sanctioned certain allowances to them. This arrangement for carrying on Malnad Improvement work has however been modified in a series of orders also read above, and the Sub-Division Officers in charge of the Revenue Sub-Divisions in the Districts of Kadur and Shimoga are in charge of Malnad Improvement work of their Sub-Divisions, and the Sub-Division Officer, Saklespur, has charge of the Malnad Improvement work of the Hassan District. This last officer was granted an allowance when Malnad Improvement work was first transferred to him, and to the present Sub-Division Officer of Chikmagalur the allowance which he drew when Special Officer is being continued.

2. In his letter dated 31st March 1919, the Deputy Commissioner, Kadur District, recommends the grant of a similar allowance to the Sub-Division Officer, Tarikere, for being in charge of Malnad Improvement work in his Sub-Division.

3. Government consider that Malnad Improvement work is part of the legitimate work of Revenue Sub-Division Officers and are of opinion that no special allowance need be given to these officers for attending to this work within their Sub-Divisions. They are accordingly pleased to direct that the special allowance referred to above now received by two of the officers be discontinued with effect from 1st January 1920.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

Report of the Vaccination Department

No. G. 15837-18—San. 42-19-3, DATED 13TH JANUARY 1920.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

The Report on the working of the Vaccination Department in the State and of the Vaccine Institute, Bangalore, for the calendar year 1918, received from the Sanitary Commissioner with his letter No. P. 50, dated 15th September 1919.

Order No. G 15837-48 -San. 42-19-3, dated 13th January 1920.

The department was reorganised during the year and the number of vaccinators and Deputy Inspectors increased from 102 and 5 to 114 and 9, respectively, and the whole staff placed under the control of the District Boards in the districts. There were 140 vaccinators and 9 Deputy Inspectors working during the year. The Deputy Inspectors were relieved of sanitation work and given duties relating only to vaccination.

2. *Result of vaccination during the year.*—The number of persons vaccinated during the year under review was 101,612, as compared with 96,180 in 1917, showing an increase of 5,433. Under "District Vaccinations" there was a decrease of 137 on the whole in the number of persons vaccinated. The average number vaccinated by each vaccinator was 596.5 for the year under review as against 587 in the previous year. Government consider that these figures indicate unsatisfactory work on the part of the vaccinators. Steps should be taken to show better results on future.

3. *Prevalence of small-pox.*—The number of deaths from small-pox increased from 1,468 in 1917 to 4,442 in the year under review. No probable reason for this large increase is suggested in the report.

4. *Inspection.*—The inspections by District Sanitary Officers and Deputy Inspectors were on the whole satisfactory, the total number inspected by both the classes of officers being 49,605 as against 36,984 in 1917.

5. *Cost of the department.*—The total cost of the department exclusive of the Vaccine Institute, amounted to Rs. 28,039-9-8 in the year under review as against Rs. 25,689-14-9 in the preceding year. The average cost of each successful vaccination was Re. 0-5-8 as against Re. 0-4-10. 4 in the previous year.

6. *Vaccine Institute.*—The Vaccine Institute was transferred from the control of the medical to that of the Sanitary Department during the year. There was an increase in the quantity of vaccine supplied during the year, the quantity for 1918, being 1,62,363 as against 1,49,707 in the year previous. The expenditure, however, was less than that of last year, being Rs. 7,235-12-1 as against Rs. 10,892-14-0. This decrease is attributed to the decrease in the number of calves vaccinated. The receipts from the sale of paste were Rs. 857-5-9 as against Rs. 1,162-12-3 in 1917.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

READ—

Notification No. 1469—Sany. 19-17-2, dated 5th September 1917, changing the designation of Mr. V. L. Manker, from "First Assistant to the Director, Public Health Institute" into "Assistant Director and Chemical Examiner."

2. Government Order No. 17675-6—Sany. 24-18-8, dated 18th February 1919, appointing Mr. Dominick Asirvatham as "Assistant in the Public Health Institute" on Rs. 240 per mensem and stating that orders *re* his grade and designation would issue in connection with the reorganisation of the Sanitary Department.

3. Government Order No. G. 6268-70—Sany. 93-18-7, dated 11th September 1919, sanctioning the allocation of the Officers of the Sanitary Department according to the order of the reorganisation of the Sanitary Department, dated 1st March 1919 and designating Mr. Manker as the Officer in charge of the Public Health Institute and Office Assistant to the Sanitary Commissioner.

4. Letter No. G. C. 438-4, dated 16th September 1919, from the Sanitary Commissioner in Mysore recommending that the designation of Mr. V. L. Manker may be changed into "Chemical Examiner and Senior Assistant Director, Public Health Institute" and Mr. G. M. Dominick be designated as Assistant Director, Public Health Institute and Assistant Chemical Examiner."

Order No. G. 16104-5—Sany. 60-19-3, dated 15th January 1920.

Government are pleased to direct that the Sanitary Commissioner be *ex-officio* Director, Public Health Institute and that Mr. Manker be designated, Senior Assistant Director, Public Health Institute and Mr. G. M. Dominick, Assistant Director, Public Health Institute.

2. In Notification No. 1469—Sany. 19-17-2, dated 5th September 1917, Mr. Manker has been appointed Chemical Examiner to Government. Government are now pleased to appoint Mr. Dominick (Assistant Director, Public Health Institute) as Assistant Chemical Examiner also.

The Report on Sanitation in Mysore.

No. G. 17292-303—SAN. 51-19-3, DATED 27TH JANUARY 1920.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

The Report on Sanitation in Mysore for the calendar year 1918, received with the Sanitary Commissioner's letter No. P. 49, dated 31st October 1919.

Order No. G. 17292-303—San. 51-19-3, dated 27th January 1920.

1. Recorded.

2. Dr. M. Srinivasa Rao, M.A., M.D., D.P.H., was in charge of the Department throughout the year under report.

3. *Seasonal conditions.*—The rainfall during the year was scanty and the food situation serious on account of the high prices and scarcity of food grains, and these two causes contributed largely to the extremely unfavourable health conditions that prevailed during the year, resulting in widespread sickness and heavy mortality.

4. *Vital statistics.*—The total number of births in the State was 97,609 or 17·10 per mille of the population as against 114,125 or 20·0 per mille for 1917. The male births were 5·31 per cent more than the female births. The highest birth-rate for the year, i.e., 21·41 was recorded in Kolar District and the lowest 13·86 in Mysore District.

The total number of deaths in the year was 343,948 or 60·28 per mille of the population as against 111,463 or 19·54 in 1917. The large increase in the number of deaths was due to the influenza epidemic of October and November of the year, the recorded number of deaths due to this disease alone being 195,437.

The excess of deaths over births during the year was 43·18 per mille for the whole State. The highest excess 69·48 was recorded in Chitaldrug District.

The disorganization of work caused by the influenza epidemic must have added to the usual margin of error in these statistics. Registration of the statistics is reported to have been scrutinised by the District Sanitary Officers and the Taluk Authorities. Government note that the Sanitary Commissioner proposes to prescribe a form of verification. Proposals in this connection may be submitted early for the orders of Government.

5. *Diseases.*—The total number of deaths from cholera was 3,158 for the year under review as against 7,288 for 1917. The largest number of deaths 1,209 or 40 per cent nearly of the total was in the Chitaldrug District. The work of sinking drinking water wells in rural areas is reported to have progressed well, but the wells sunk are not being fitted up with pumps. Proposals for more systematic work in this connection are at present under the consideration of Government.

The number of plague attacks and deaths for the year were 8,846 and 6,313 against 14,533 and 10,410, respectively, in 1917, there being a decrease in all the districts. The number of inoculations performed during the year was 37,083 as against 57,882 in 1917.

The malarial survey of Nagai Taluk was completed during the year, and proposals for similar surveys in certain urban areas which are malarial are under consideration.

The influenza epidemic of October and November was responsible for a large part of the mortality in the year. The special report submitted by the Sanitary Commissioner upon this epidemic has already been reviewed by the Government in their Order No. G. 19409-21—Med. 56-18-96, dated 4th March 1919.

6. *The Central Sanitary Board and sanitary work.*—The Central Sanitary Board advised on 17 schemes estimated to cost about Rs. 19,61,670 during the year. Rules were issued for regulating the allotment of funds sanctioned every year for large sanitary improvements. The total expenditure on works of a sanitary nature

No. G. 17292-303—SAN. 51-19-3, DATED 27TH JANUARY 1920.

in the Public Works Department was Rs. 2,20,529-14-5. Information under this head in greater detail should be obtained from Public Works Department in future and included in the report of the Sanitary Department.

7. *Village sanitation*.—The Village Sanitary Regulation was introduced into 55 villages during the year, and Village Improvement Committees were formed in about 649 villages. The work under the Village Improvement Scheme included, besides the sinking of 289 wells and the improving of 193 more, the formation of village extensions in 80 villages and minor improvements such as clearing rank vegetation, filling up hollows and ditches, etc. Government desire in this connection to draw the attention of Deputy Commissioners to the remarks of the Sanitary Commissioner in the matter in paragraph 46 of his report and at the same time to impress on local officers the importance of propaganda work and the necessity for securing the willing co-operation of the people in the enforcement of Sanitary Rules.

8. *Malnad improvements*.—Good work was done under the scheme for the improvement of the malnad during the year. The scheme itself was extended for a further period of five years and the lines of work revised in Government Order No. 6561-3—San. 72-17-2, dated 22nd May 1918.

9. *Medical inspection of school children*.—Some work was done under this head 137,960 children having been examined in all in the places where dispensaries are located. Proposals for further improvement in this direction are under consideration.

10. *Miscellaneous*.—The Sanitary Commissioner complains that, in spite of repeated instructions to the contrary, Sanitary Inspectors in taluks are being employed by the Amildars in connection with Revenue and Local Fund Works. Most of the Local Fund Works such as sinking of wells, construction of drains, etc., relate to sanitation and do come within the proper scope of the duties of Sanitary Inspectors but they being deputed to do other works should be put a stop to at once. A fair amount of inspection work has been done by the Sanitary Commissioner and his subordinates.

Proposals for reorganising the department with the object of increasing the staff and improving their prospects were under the consideration of Government during the year under review and orders have since issued on them.

Government regret to observe that there has been considerable delay in the submission of this report which they hope will be avoided in future.

Impressment of Carts.

No. G. 15322-81
G. M. 132-19-1

GOVERNMENT OF H. H. THE MAHARAJA OF MYSORE,
 GENERAL AND REVENUE SECRETARIAT,

Dated Bangalore, the 8th January 1920.

OFFICIAL MEMORANDUM.

In inviting the attention of Deputy Commissioners of Districts to the discussion in the April Session of the Representative Assembly of 1919, on Subject No. 154, *re* impressment of carts and the reply of Government in the matter, Government are pleased to direct Deputy Commissioners of Districts to call the attention of subordinate Officers in their districts to the Chief Commissioner's Notification No. 4686—G. 75, dated 18th November 1873, referred to in the said reply, and appended below and to issue instructions that in impressing carts for public purposes, carts belonging to the locality should be impressed as far as possible.

By Order,

C. S. BALASUNDARAM IYER,

Chief Secy. to Govt.

To—The Deputy Commissioners of Tumkur, Chitaldrug and Kadir Districts for communication to the Representative Assembly Members concerned.
 The Deputy Commissioners of other Districts.
 The Heads of Departments.

Exd.—C.R.

*Proceedings of the Government of His Highness the Maharaja of Mysore
 (General Miscellaneous), dated 30th May 1907.*

READ—

1. Subject No. 341 of the Representative Assembly Proceedings of 1906, on the impressing of carts from outside for the use of touring officers.
2. Communications from the Deputy Commissioners of Districts furnishing their opinion on the subject.

Order No. G. 7462-9—G. M. 179-06-10, dated 30th May 1907.

The Government consider it sufficient to draw the attention of District Officers to the Order of the late Chief Commissioner of Mysore, No. 4686—G. 75, dated the 18th November 1873, which is reproduced below :—

“The indiscriminate seizure of carts, more especially of those engaged in trade, is obviously so great an evil, that the Officiating Chief Commissioner desired to call the attention of District Officers to this fruitful source of complaint, and to remind them of their duty to give their careful attention to prevent it and to punish severely every instance of such abuse on the part of peons that may come to their notice. In the opinion of Mr. Gordon, it would be by far the best and most satisfactory solution of the difficulty, in every practicable locality to arrange with a contractor who may volunteer to procure carts that are known to be available on hire. But where this cannot be done, a vigilant watch should be kept over the proceedings of the underlings detailed for this duty, and Amildars should be warned to prevent to the utmost of their power the indiscriminate and unnecessary impressment of more carts than may be really required on public emergencies.”

K. S. CHANDRASEKHARA AIYAR,

Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioners of Districts,

Department.**

No. G. 15408-9—G. M. 108-19-5, DATED 8TH JANUARY 1920.

**PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.**

GENERAL AND REVENUE DEPARTMENT'S

READ—

Letter No. 700, dated 6th November 1919, from the Assistant Superintendent, Government Gardens, forwarding the Administration Report of the Gardens Department for the year 1918-19.

Order No. G. 15408-9 -G. M. 108-19-5, dated 8th January 1920.

Recorded. There has been considerable delay in the submission of the report which should have been avoided.

2. Mr. L. Bishtopanth Badami, who was officiating as Superintendent of the Government Gardens, having proceeded on leave and then reverted to his former post in the Accounts Department, Mr. Y. Rama Rao was placed in charge of the Superintendent's Office till 1st November 1918, when under Government Order No. G. 7703-5—G. M. 374-17-5, dated 26th October 1916, the Gardens and Hill Stations charges were separated and the former with the Museum was placed under the charge of Mr. H. C. Javaraya, L. Ag., appointed Assistant Superintendent, Government Gardens, and the latter under Mr. Y. Rama Rao, Curator, the administrative control of both the sections being vested in the Chief Secretary to Government.

3. The year was on the whole an unfortunate one for Horticulture, on account of a very hot and rainless summer, and the outbreak of Influenza in October and November which made labour for the gardens scarce. It is gratifying to observe that in spite of the adverse conditions the gardens have been kept in condition.

4. The Department gave technical advice about flower, vegetables and fruit gardens to persons requiring the same and during the period of the scanty food supply, helped the Agricultural Department by publishing small leaflets on the cultivation, yield, etc., of some common food products such as potato, maize, french beans, etc. An exhaustive note on *Sisal Hemp* was published in English and Kannada in the form of a bulletin.

5. *Horticultural Shows*.—The Summer and the Winter Horticultural Shows were held as usual on the first Saturday in the months of August and February respectively. In spite of the adverse seasonal conditions the general effect at the shows was up to the average. The gate collections at both the shows amounted to Rs. 2,156-12-0, while the expenditure on prizes and other charges was Rs. 2,595-14-8. Government are glad to note that the shows have become almost self-supporting.

6. *Horticultural Education*.—The Horticultural class continued throughout the year since its reopening in November 1917. The question of the further continuance of this class and on the lines on which it may be continued is under consideration.

A mali class was started as an adjunct to the Horticultural School with provision for 15 students who were to be granted a scholarship of Rs. 10 each per mensem. There were 9 students in the class during the year.

7. *Lal-Bagh*.—The Lal-Bagh continued to be popular. A scheme for the supply of water to the higher parts of the Lal-Bagh was partly carried through, during the year under review. The lotus pond was deepened. Conditions of war prevented the introduction of seeds and plants to a large extent, but some varieties of oranges and cork trees from Japan were however planted. The Seed Depot and Sale room did good work during the year and the proceeds from the sales amounted to Rs. 6,732 as against Rs. 6,350 in the previous year. A reading room was formed containing all the journals received in the Department. The Restaurant has become popular and is highly resorted to by the visitors.

No. G. 15408-9—G. M. 108-19-5, DATED 8TH JANUARY 1920.

8. *Cubbon Park*.—The park was improved by the demolition of mantaps near the Ulsoor gate and the filling up of three deep wells.

Parks and Gardens at Mysore.—There were no new improvements in the parks and gardens at Mysore on account of weather conditions. The Fort Garden was laid out and some annuals were planted, at a total cost of about Rs. 11,000. The Daria Dowlat Bagh at Seringapatam was maintained in good condition.

9. *Sunkal Tank Farm*.—The Farm also suffered for want of rain and on account of the usual difficulties in the sewage water of the city being made available for its use exclusively. Sewage distribution channels were made and an electric motor pump installed during the year. The revenue realised from all heads was Rs. 2,619-13-11 against an expenditure of Rs. 6,041-7-7. It should be the aim of the Superintendent to develop the farm so that it may be made self-supporting as far as possible.

10. *Expenditure*.—The total expenditure on the Gardens Department during the year amounted to Rs. 67,218-3-4 against Rs. 61,280-5-5 for 1917-18, of which Rs. 43,714-12-5 was for improvements and Rs. 23,503-6-11 for establishment.

The total receipts under all heads amounted to Rs. 11,125-2-4 so that the net expenditure over the Department is Rs. 56,093-1-0.

C. S. BALASUNDARAM IYER,
Chief Secy. to Govt.

To—The Assistant Superintendent, Government Gardens.
The Secretary, Departments of Education and Agriculture.

**Report of the Krishnarajasagara and
allied Works.**

No. G. 15820-1—G. M. 99-19-6, DATED 12TH JANUARY 1920.

**PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.**

GENERAL AND REVENUE DEPARTMENTS.

READ—

Correspondence ending with letter No. 1512, dated 8th November 1919, from the Chief Engineer, Cauvery Valley Irrigation, forwarding the Administration Report of the Krishnarajasagara and allied works for the year 1918-19.

Order No. G. 15820-1—G. M. 99-19-6, dated 12th January 1920.

1. Recorded.
2. Rao Bahadur Mr. K. Krishna Iyengar, B.A., L.C.E., appointed Chief Engineer, on Special Duty in January 1918, was, in July 1918, placed in Administrative charge of the Cauvery Valley Irrigation Works. The post of the Superintending Engineer solely for the charge for the Krishnarajasagara Works was made permanent in a Government Order dated 16th December 1918, and Mr. B. B. Garudacharya confirmed in that appointment.
3. *Krishnarajasagara and allied works.*—A special temporary division for gauging and regulating the discharge according to the terms of the Cauvery Arbitration Committee was constituted under the charge of an Executive Engineer with headquarters at Mysore in Government Order..... dated 14th February 1919. The independent range at Akkihebbal was converted into a sub-division and added on to No. V, Yedatore Division.
- Government passed final orders introducing the block system of irrigation under the channels below Krishnarajasagara for supply of water for sugar-cane and other hot weather crops, in Government Order No. R. 1-15—L. R. 448-16, dated Camp 26—27th April 1919.
4. *Total grant and outlay.*—The year's grant from all the sources as finally sanctioned, including the establishment charges for the Krishnarajasagara and allied works, amounted to Rs. 17,59,988 against which an outlay of Rs. 16,76,277 was incurred, the net lapse being Rs. 83,711. The average expenditure during the last five years has been Rs. 24,25,510.
5. *Krishnarajasagara works.*—The expenditure under this head stood at Rs. 13,66,062 against the grant of Rs. 14,04,700, the net lapse being Rs. 38,638. This is partly attributed to less expenditure on the dam works and the Chamaraja right bank channel. The dam works did not proceed as fast as expected owing to foundation troubles and the non-arrival in time of certain iron parts from Europe on account of War restrictions.
6. *Channel works.*—The right bank low-level canal was opened to a total length of 16½ miles, thus irrigating 2,004 acres against 3,150 acres of the total command. The left bank low-level canal was excavated to a length of 12½ miles. The area brought under irrigation is 1,259 acres out of a total command of 1,500 acres. The channel from the right end of the Chamarajendra Anikat made very slow progress. This is attributed to foundation troubles and illness among the work people. The project for opening a high level canal from the north bank of the Krishnarajasagara Reservoir is reported to be ready.
7. *Miscellaneous.*—The road from Mysore to Krishnarajasagara made fair progress. Out of 31 villages sanctioned to be newly formed or extended, 21 have been laid out and construction of houses commenced.
8. *Sugar-cane Development Scheme.*—Government have sanctioned the introduction of this scheme to a total length of 138 miles under certain channels. The total area of wet and garden lands irrigated by the various channels was 36,257 acres from which a sum of Rs. 1,95,885 was realised to revenue.
9. *Establishment.*—The charges under this head amounted to Rs. 2,71,169 against a grant of Rs. 3,11,500. The proportion of the establishment charges to the total expenditure is 19·4 per cent.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

THE MAHARAJA OF MYSORE.**

GENERAL AND REVENUE DEPARTMENTS.

READ—

The Report of the Director of Archæological Researches in Mysore on the progress made in the Archæological Survey of Mysore for the year ending 30th June 1919.

Order No. G. 16394-5—G. M. 128-19-2, dated 17th January 1920.

Recorded.

2. The Director made short tours in the months of January, February and May 1919 in Bangalore, Tumkur and Mysore Districts, with the object of making a re-survey of portions of these districts and of inspecting some temples of archæological interest. He inspected 102 villages and examined 180 new records.

3. *Work at Headquarters.*—The work done at headquarters is given in detail in paragraphs 43—59 of the report. One hundred and eighty-eight records were copied during the year. A set of copper plates received from the Agent of the Paradesi-swami Matha at Keregodi Rangapura, Tiptur Taluk, is of some historical value, as it records a grant by a Ganga King, Rajamalla II, to a Saiva Teacher of the name of Netra Siva in the 9th Century.

Two monographs, one on the Kesava temple at Belur and the other on the Lakshmi Devi temple at Dodd-Gaddavalli Nos. II and III of "Architecture and Sculpture in Mysore" in the Mysore Archæological Series, were printed during the year. The translations of the Kannada texts of the revised edition of the Sravana-belagola volume and the General Index to the volumes of the Epigraphia Carnatica made some progress during the year.

About 200 photographs of views of temples of artistic merit were prepared and sent to the Deputy Commissioners of Hassan and Kadur for sale to the public. About 45 photographs were sold in the Archæological Office. Forty copies of the Monograph on the Kesava temple were also sold during the year.

4. The report was received late, though proposals for the additional quantity of diacritical and accented type were sanctioned with the object of facilitating the work of printing it in the Government Press. The Superintendent, Government Printing, is requested to make proper arrangements for the timely printing of the reports in future.

GENERAL AND REVENUE DEPARTMENTS.

Order No. 1108-1157—E. A. G. 410, dated 8th January 1920.

It has come to the notice of Government that officials often leave the department in which they are employed and seek employment in another in order to improve their prospects, but nevertheless put in claims for *pari passu* promotions in their original department whenever possible.

2. Government consider such a tendency to be detrimental to the interest of departmental work and efficiency, and direct that it should, in future, be discouraged by denying promotions to those who leave of their own accord one department to take up an appointment in another.

3. This ruling will not apply to officials who may be transferred by their official superiors, in the interests of Government work, to appointments in other departments for a definite term not exceeding three years in all, and to those who are appointed to offices or departments which have been sanctioned by Government on a temporary tenure. It will also not affect the grant of increments falling due periodically to officials who hold appointments on progressive salaries in their original department at the time of transfer.

Government Order No. R. 3298-322—L. R. 508-09-2, dated the 18th November 1910, laying down rules for regulating the removal of lantana or prickly pear from occupied and unoccupied lands, village sites and lands under the control of certain Government Departments and of local bodies.

2. Representation made at the April Session of the Representative Assembly of 1917 in regard to the removal of lantana in the neighbourhood of the Bettadapur hobli, Hunsur Taluk.

3. Government Order No. R. 3918-41—L. R. 227-14-4, dated 11th September 1918, extending the rules relating to the grant of concessions for lands overgrown with lantana or prickly pear taken up for cultivation to all the districts in the State for a period of five years.

4. Correspondence ending with letter No. C. 1113 Gl., dated the 13th March 1919, from the Revenue Commissioner in Mysore, suggesting certain measures for the extirpation of lantana in the said taluk.

Order No. R. 8362-422—L. R. 281-17-5, dated 28th January 1920.

It is seen from the Deputy Commissioner's report accompanying the Revenue Commissioner's letter that owing to increased jungle growth and spread of the lantana pest which have given harbour to wild animals, a large extent of occupied land has been relinquished in the Hunsur Taluk, and that the Hanagode and Harnahalli hoblis, portions of Periyapatana and Bettadapur hoblis, and the southern portions of the Bilikere hobli bordering on the Heggaddevankote Taluk, are becoming gradually depopulated.

2. The Government order of the 18th November 1910 read above provides for the grant of concessions for the removal of lantana from occupied and unoccupied lands and lays down the procedure to be adopted for its removal in other lands as noted below :—

(1) In the case of occupied lands remission of assessment for five years if the Deputy Commissioner is satisfied that in spite of reasonable precautions taken by the occupant, the land is overgrown with lantanas.

(2) In the case of unoccupied assessed and unassessed lands, remission of assessment for 12 years with a view to encourage persons to take up such lands for cultivation subject to certain conditions.

(3) In the case of kharab and gomal lands and lands set apart for communal purposes, people are required to co-operate and adopt united action to remove the pest, and in default, the privileges granted to them in respect of those lands are liable to be suspended. If, however, the growth is so great as to be a menace to the health of the neighbouring people or a source of obstruction to efforts which are being made for its destruction in the vicinity and its removal is likely to be too costly for the raiyats to undertake, the clearance is to be effected by means of special funds provided by District Funds.

(4) In the case of village sites which are under occupancy, the owner or occupant is liable to be punished under the village sanitation rules for not keeping the site clear of noxious vegetation. As regards unoccupied sites, the duty of keeping them clean and free from vegetation, lies on District Board and the Municipal Councils.

(5) The order also provides for the grant of takavi advances for the clearance of lantana at the discretion of the Deputy Commissioner.

No. R. 8362-422—L. R. 281-17-5, DATED 28TH JANUARY 1920.

3. It is regretted that in spite of the provision of these remedies, the pest has been allowed to assume such proportions that the resources of the local bodies or individuals are inadequate to eradicate it. As the pest has now become a serious menace to the agricultural population, Government consider that more liberal concessions and more vigorous action to remove the pest than are provided in Government order of 1910 are immediately called for.

4. The Revenue Commissioner has proposed the following measures :—

(a) Liberal grants under the Village Improvement Scheme for the removal of lantana from unoccupied village sites, the contribution of half the cost payable by the villagers being waived in deserving cases at the discretion of the Deputy Commissioner.

(b) A special grant from Government to the District Fund for the clearance of lantana from unoccupied lands.

(c) The appointment of a Sanitary Inspector temporarily for one year to supervise the work in the taluk.

(d) The grant of a bonus not exceeding Rs. 10 per acre at the discretion of the Deputy Commissioner besides the concession sanctioned in the order read above to persons undertaking to bring the land under cultivation.

(e) Legislation to make it obligatory on the part of the occupants to keep their lands free of the pest.

(f) The Forest and the Amrut Mahal Departments to take effective action for the clearance of the weeds on lands under their control.

5. Government have given the matter their best consideration and are pleased to direct as follows :—

(i) In the case of occupied lands obtained or held under the concessions granted by Government, the responsibility of the land owners or occupants to keep their land clear of vegetation should be strictly enforced. The concessions allowed by the Government Order of the 10th November 1910 may be granted more freely than at present.

(ii) In the case of unoccupied lands (assessed and unassessed) if persons do not readily come forward to take them up for cultivation on the conditions laid down in the Government Order, immediate action should be taken by the local officers to remove the pest by employing a special agency, if necessary, the cost involved being debited to Government. The lands thus cleared of lantana should be disposed of at once for cultivation by sale in public auction.

(iii) As regards vacant sites the local bodies should see that they are kept in a sanitary condition and should actively help in removing rank growth on unoccupied sites in villages. In the case of occupied village sites the Village Sanitation Rules should be strictly enforced as directed in paragraph 12 of the Order of the 18th November 1910 and prompt steps should be taken to prosecute the owners of such sites, should they persist in their failure to remove such growth in spite of notices served on them under the rules. Immediate action should be taken to amend the Village Sanitation Regulation and rules thereunder so as to empower the local authorities to carry out themselves the work of removal of such growth on occupied village sites on failure of the owners to do so and to recover the cost thereof as a revenue demand.

(iv) As regards communal lands (including gomal) and unoccupied village sites the removal of the pest should be undertaken under the Village Improvement Scheme, the contribution from the villagers being limited to one-third of the cost, the remaining two-thirds being borne by Government.

(v) In the case of lands under the control of Government Departments, the Heads of Departments concerned should with a view to induce the people to exert in this important direction, set an example by making it a point to see that the lands in their charge adjoining occupied lands, communications, and village sites are kept clear of lantana at least up to a limit of 100 yards and take the necessary action for the eradication of the pest so that the efforts made to remove it from the adjacent agricultural communal lands and village sites may be attended with successful results without affording scope for its regeneration..

NO. R. 8362-422—L. R. 281-17-5, DATED 28TH JANUARY 1920.

(vi) The Revenue Commissioner is therefore requested to impress upon all local officers the importance of the extirpation of lantana and other rank growth and to see that these officers carry out the measures needed and enforce the rules framed for the purpose. He is also requested to state the amount required to meet the Government share of the expenditure and point out the source to which the charge may be debited.

(vii) Immediate action should be taken to give effect to this order and a half yearly progress report submitted.

**PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.**

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. C. Per. 31-1, dated the 1st December 1919, from the Revenue Commissioner in Mysore, forwarding the Report of Progress of Village Improvement Work in the several districts (except Kadur) for the quarter ending with 30th June 1919 together with a copy of his review thereon.

2. Letter No. C. P. 34-1, dated the 1st December 1919, from the same officer, forwarding the report for the Kadur District also.

Order No. R. 7500-10—R. M. 5-19-43, dated 7th January 1920.

Recorded.

2. Government regret that in spite of repeated instructions the submission of the returns continues to be belated.

3. The number of Village Committees during the quarter under review was 8,957 as against 8,824 in the previous quarter, the increase being due to the constitution of 28 new Committees in the Hassan District and the inclusion of the figures for the Pavagada Taluk, which were omitted in the return for the last quarter.

4. *Essential duties under the scheme.*—Except in the Bangalore and Kolar Districts, there was an increase in the number of Committees that devoted half a day per week for communal labour, the increase being very marked in the Tumkur District, viz., 163. There was also a general increase in all the districts in the number of Committees that subscribed for one or more newspapers and the number of those that held weekly meetings for recreation and instruction also increased in all districts, except Kolar and Chitaldrug.

5. *Special Village Improvement Works.*—During the quarter, 864 Committees carried out special works. The value of the works carried out with the aid of Government grant was Rs. 48,589 as against Rs. 17,994 in the previous quarter, the amount actually spent being Rs. 16,845 as against Rs. 4,455 in the previous quarter. The total value of works executed without the aid of Government grants was Rs. 55,833 as against Rs. 33,468 during the last quarter. The work under these heads may be said to be fairly satisfactory.

6. *Cart-tracks.*—The total length of cart-tracks newly opened or improved is said to be about 396 miles as against 331 miles during the last quarter. The Revenue Commissioner is requested to collect correct and up-to-date figures under this head in future.

7. The Village Common Fund collected during the quarter was Rs. 14,798 and 4 pallas of grain, which is more than double the collections during the previous quarter.

8. It is satisfactory to note that the work done during the quarter under review is decidedly better than the work in the previous quarters, the improvement being presumably due to the favourable seasonal conditions.

9. The following Amildars are reported to have done good work during the quarter under review:—

1. Mr. Abdulla Sheriff	..	Bowringpet Taluk.
2. „ R. Aravamudu Iyengar	..	Srinivaspur do
3. „ N. Gopala Iyengar	..	Chikballapur do
4. „ K. Mallaraj Urs	..	Honnali do

No. R. 7500-10—R. M. 5-19-43, DATED 7TH JANUARY 1920.

10. A statement showing the work done during the quarter is appended to this order.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. Camp A., dated 8th October 1919, from the Inspector-General of Registration in Mysore, submitting his Report on the working of the Registration Department for the year 1918-19.

Order No. R. 7460-70—Regis. 13-19-3, dated 6th January 1920.

The number of special and *ex-officio* Sub-Registry Offices remained the same as in the previous year.

2. The total number of documents registered during the year was 116,551 with an aggregate value of Rs. 3,29,54,045 as against 117,152 documents with an aggregate value of Rs. 3,08,48,173 in 1917-18. There was a fall in the number of registrations in six districts, the total decrease being 4,481; but against this there was an increase of 3,758 in the Mysore District, and a slight increase in the Kolar District. As observed by the Inspector-General of Registration it is curious that the increase in Mysore as well as the decrease in the other districts is attributed to the same cause, *viz.*, unfavourable seasonal conditions and the tightness of the money market. The conclusion cannot evidently be correct and the matter calls for further explanation. It is observed that in the Mysore District the registrations under mortgage deeds have increased by over 9,000, while there has been a fall of over 6,000 under optional registrations. The decrease under optional registrations and the corresponding increase under mortgage registrations is noticeable also in all the districts and is evidently due to the introduction of the Transfer of Property Act into the State.

3. The total receipts of the Department during the year amounted to Rs. 2,47,127 against Rs. 2,39,964 in the previous year, showing a slight increase of Rs. 7,183. The expenditure of the Department was Rs. 1,29,499 against Rs. 1,07,782 in 1917-18, the increase being chiefly due to extra establishment charges incurred on account of war allowances and the grant of increments under the reorganisation scheme with effect from the commencement of the official year.

4. Seven thousand nine hundred and eighty-two applications for the transfer of Revenue Registry lands were received and sent by the Registering Officers to the Revenue authorities during the year as against 8,573 in 1917-18.

The one case of prosecution for false personation in the Chitaldrug District instituted during the year under review is reported to be pending investigation with the Police. The Inspector-General of Registration is requested to take early action for getting its disposal expedited.

5. With the exception of 4 offices, almost all the Sub-Registry Offices were inspected during the year either by the Inspector-General of Registration, District Registrars or *Ex-officio* Inspectors of Registration Offices. The number of inspections done by the Hassan District Registrar is small, while that by the Inspectors of Registration admit of further improvement. Government note that the Inspector-General of Registration inspected all the District Registry Offices and 23 Sub-Registry Offices.

GENERAL AND REVENUE DEPARTMENTS.

READ—

District Fund Administration Report of the Chitaldrug District for the year 1918-19.

Order No R. 7348-9—L. B. 57-19-15, dated 3rd January 1920.

1. *Constitution.*—Owing to the introduction of the new Local Boards and Village Panchayet Regulation from the commencement of the year under review the constitution of the Local Boards in the district underwent a change. The reconstitution of the local bodies had already become overdue but it was ordered to be put off pending the changes expected under the new scheme. The old Unions were abolished and in their place 96 important villages in the district were constituted as Village Panchayets, 25 out of the 28 old Unions being absorbed in these. The Taluk Boards were all reconstituted under the new Regulation with an improved and extended electorate comprising of landholders, the representatives of select Village Panchayets and from the inamdars of the taluks. The constitution of the district Board was revised and its strength raised from 26 to 36. But election proceedings did not take place during the year as the several Taluk Boards were reconstituted only in the month of June. The old Board therefore continued to carry on the administration of the District Funds till the close of the year.

2. *Meetings and Attendance.*—The District Board met the prescribed number of times and the average attendance was 70 per cent of the total strength of the Board against 72 of the previous year. With the exception of the Taluk Boards of Chitaldrug, Harihar and Molakalmuru the other Taluk Boards met the required number of times. The attendance was satisfactory.

3. *Village Panchayets.*—There was a fall in the number of meetings held during this year which was 102 against 167 and 214 in the previous two years of 1917-18 and 1916-17 respectively. None of the Unions met the prescribed number of times and 4 of them did not meet at all owing, it is said, to the adverse seasonal conditions, the prevalence of Influenza and other epidemics and the delay in the conversion of the Unions into Village Panchayets. The Village Panchayets require in their early stages sympathetic handling and the President is requested to instruct the local officers to watch their development and to exercise careful supervision over their administration.

4. *Finance.*—There was an increase of Rs. 31,006 in the ordinary income of the Board, due to and to the better collection of the Railway Cess, and the cess on the Excise Revenue. Out of a total demand of Rs. 2,20,404 including arrears, a sum of Rs. 2,08,446 was collected, leaving a balance of Rs. 11,799 uncollected. The arrears under local cess and house tax were heavy and their collection requires early attention.

The ordinary expenditure of the Board was Rs. 77,409 against Rs. 1,21,117 of the previous year, the decrease being mostly due to the small expenditure incurred on Public Works and to the non-contribution by the District Board of its share towards the cost of Chikjajur-Chitaldrug Railway. The balance to the credit of the District Board was Rs. 4,56,465 against Rs. 2,96,902 of the previous year of which a sum of Rs. 1,61,279 represents the amount realised from Railway Cess.

5. *Lapses under Public Works.*—It is unsatisfactory to note that the execution of Public Works by the Civil Department, during the year was much worse than in previous year. Out of an allotment of Rs. 55,630 only a sum of Rs. 12,860 was spent resulting in a lapse of 72·8 per cent against 60 per cent of the previous year. The attention of the President is once again invited to the instructions issued by Government in this connection and he is requested to report to the Government the name of each of the local officers as are responsible for delay and dilatoriness in the execution of the works.

No. R. 7348-9—L. B. 57-19-15, DATED 3RD JANUARY 1920.

6. *Roads*.—The project received from the President, District Board, for the special repairs of the Jagalur-Davangere road which was under consideration of Government has since been referred back to the District Board for the submission of a modified estimate. The President is requested to expedite the submission of the programme relating to the improvement of the road facilities in his district in accordance with Government Order No. 6541-51—L. B. 191-13-28, dated 21st May 1918. It is reported that some village roads were newly formed during the year and the existing roads in the Unions were also improved at a cost of Rs. 2,595. The particular regarding the total length and cost in the case of the former should have been given.

7. *Water-Supply*.—The execution of well works also did not make much progress during the year. Out of the allotment of Rs. 49,855 a sum of only Rs. 6,933 was spent. There were in all 163 well works in progress of which 12 were completed. The masto's plant is stated not to have been used during a great part of the year for want of the manilla rope and other accessories. This is not satisfactory. Now that the equipment is stated to be complete, Government expect better results in boring operations in the coming year.

8. *The District Board Railway*.—The construction of the Chitaldrug-Chikjajur Railway was under progress. The amount of this railway loan actually collected and credited to the treasuries amounted to Rs. 83,692-12-0 against Rs. 2,95,453 subscribed. The collections during the year are by no means satisfactory. Every endeavour should be made to raise the balance during the current year.

9. *Cattle Shows*.—The number of cattle shows held in the district rose from 3 to 7, 4 more having been newly organised during the year. It is gratifying to note that in addition to the holding of cattle owners' conferences on the lines of the previous year, cattle owners associations also were formed in each taluk.

10. *Public Health and Sanitation*.—There was an increase in the number of deaths by 30,810, which is due to the very heavy mortality during the Influenza Epidemic. This disease carried away nearly 32,176 souls. The number of births showed an abnormal decrease of 4,376 for which no explanation has been furnished. There was an increase in the number of vaccinations done during the year by 986. Now that the department has been reorganised, better results should be shown in this connection.

11. *General*.—The administration of the District Board was on the whole satisfactory. Slackness was however noticeable in the attendance at meetings, in the collection of revenue and the execution of public works. These defects may be partly attributed to the unfavourable seasonal conditions that prevailed during the year, and to the introduction of the several changes in the constitution and management of the local bodies. Government hope that all the Local Boards will be in full working order during the current year and that with the increased facilities placed at their disposal, steady improvement will be shown in every direction.

B. RAMASWAMIAH,
Secy. to Govt., Rev. Dept.

To—The President, District Board, Chitaldrug.
The Sanitary Commissioner in Mysore.

Encl.—G.R.

No. R. 7784-5—L. B. 57-19-17, DATED 13TH JANUARY 1920.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

The District Fund Administration Report of the Mysore District for the year 1918-19, received with letter No. Per. 17—L. B. 18-19, dated the 28th October 1919, from the President, District Board, Mysore.

Order No. R. 7784-5—L. B. 57-19-17, dated 13th January 1920.

Although the Local Board and Village Panchayet Regulation, VI of 1918, was introduced on 1st July 1918, the old District Board and the Taluk Boards continued to carry on the Administration of the District Fund, during the year under report pending the completion of election proceedings for the new District and Taluk Boards and the Panchayets. The strength of the District Board was raised from 30 to 45 and the constitution of the Taluk Boards was revised under an altered system of franchise, recognition being given to Inamdars and Village Panchayets.

2. *Meetings and Attendance.*—The District Board held the prescribed number of meetings and most of the Taluk Boards also met the required number of times. Only in the Taluk Boards of Chamrajnagar and Malvalli nine meetings were adjourned for want of a quorum.

3. *Union Panchayets.*—Of the 80 old unions 2 were converted into minor Municipalities and all others were constituted into Village Panchayets under the new Regulation. In addition to these, 127 new Panchayets were also notified. The work of these Panchayets has not been referred to in the report. The administration of the old unions was also not satisfactory. With the exception of Bilikere Union Panchayet, none in the district held the prescribed number of 12 meetings. Five unions in Yedatore Taluk, 2 in Seringapatam, 1 in Malvalli and 2 in Heggaddevankote and 13 in Nanjangud held no meetings at all. Greater supervision over the work of these new institutions is necessary and the President is requested to instruct the local officers to evince more interest in the development of these institutions with a view to see that their administration is placed on a stable and satisfactory basis.

4. *Finance.*—The total income under service heads during the year of report was Rs. 3,18,586 against Rs. 3,03,452 in 1917-18, showing an aggregate increase of Rs. 15,134. There was an increase of Rs. 44,072 under Local and Railway cesses, and a decrease of Rs. 10,208 under mohatarfa in union and non-union areas. The large increase under local cess is due partly to a sum of Rs. 24,364 on account of Excise cess for 1917-18 having been credited to the Board during the year under report. There was a large decrease of Rs. 16,790 under the head contributions and grants-in-aid. On the whole, there was not any appreciable increase or decrease in the income of the Board. The large decrease under mohatarfa is reported to be due to poor collection work in the district and it is observed that out of a total demand of Rs. 1,54,069 under house tax including mohatarfa only a sum of Rs. 75,690 was collected. This is very unsatisfactory and calls for prompt action both as regards collection of the current demand and the reduction of the arrears. The total expenditure during the year was Rs. 1,81,978 which was less than that of the previous year by Rs. 13,307. The year closed with a balance of Rs. 6,22,131, of which Rs. 91,274 represented the total collection under Railway cess.

5. *Public Works.*—As usual there was a heavy lapse under 'B' Public Works. Of the total budget grant of Rs. 56,530, the amount spent was only Rs. 18,698, the percentage of lapses being 66.9. Though the prevalence of influenza and the adverse seasonal conditions retarded the progress of works during the year to some extent, Government consider that execution of public works by the Civil Departments generally continues to be unsatisfactory and this, it is observed, is often due to the absence of a definite programme of works and proper supervision over incomplete works by the local officers. The President of the District Board is requested to impress on the

No. R. 7784-5—L. B. 57-19-17, DATED 13TH JANUARY 1920.

Presidents of the subordinate Local Boards in the district as well as on the Chairmen of the Panchayet the need for more energetic measures in this direction.

6. *Roads*.—The President of the District Board states in the report that the District Fund roads maintained by the Public Works Department in the district were on the whole kept in a poor and unsatisfactory condition. The Chief Engineer will be requested to investigate the cause of the deterioration and suggest measures for their improvement. Government note that the Village Improvement Committee continued to take interest in developing and improving the usual communications.

7. *Drinking Water Wells*.—There was a sum of Rs. 52,694 available for expenditure under this head. Out of this amount only a sum of Rs. 8,031 was spent resulting in a heavy lapse. Out of 188 works including incomplete works, only 41 were completed. The progress is unsatisfactory and requires greater attention from the Amildars concerned.

8. *Public Health and Sanitation*.—There was a large increase in the number of deaths during the year due to the sudden and virulent outbreak of influenza during the year, the total being 46,850 against 21,999 in the year previous. Influenza alone was responsible for so many as 21,881 deaths. The total number of births also shows a decrease of 3,059 compared with the figure for the previous year. There was an improvement in the vaccination work done in the district during the year, the total being 25,574 against 18,802 in 1917-18. The Ayurvedic and Unani Dispensaries in the district continued to be popular and four more vaidyasalas were sanctioned during the year.

9. *General*.—The District Board and the Taluk Boards under the new Regulation have now been constituted, and the administration of these local bodies requires careful supervision during the initial stages of their work. The President of the District Board is requested to see that the rules and orders issued in this connection are duly and speedily carried out and that early action is taken to start the Taluk Boards on their work by defining their functions clearly according to the needs of each taluk, allotting to them such of the items of revenue as the District Board deem fit.

READ—

The District Fund Administration Report of the Tumkur District for the year 1918-19, received with letter No. L. F. Ped. 14 of 1919-20, dated 26th September 1919, from the President.

Order No. R. 7781-3—L. B. 57-19-18, dated 13th January 1920.

I. Constitution.—The year saw the introduction of the new Local Boards and Village Panchayets Regulation VI of 1918 which necessitated the revision of the constitution of the various classes of local institutions in the district. The constitution of the District Board was fixed and the strength raised from 25 to 36. The constitution of the various Taluk Boards and the Village Panchayets was also fixed. Elections of the members to Taluk Boards were in progress during the year, and the elections in Village Panchayets were nearing completion. Though several causes retarded the speedy completion of election proceedings, etc., Government regret to observe that there has also been some unavoidable delay in this connection which could have been minimised by more vigilance on the part of the local officers.

II. Meetings and attendance.—Pending the constitution of the District and Taluk Boards under the new rules, the old Boards carried on the administration of the District Fund. The District Board held the prescribed number of meetings and only the Taluk Boards of Maddagiri, Gubbi and Turuvekere met the required number of times. The apathy on the part of the official and non-official members of the Pavagada and Koratagere Taluk Boards for not having met the prescribed number of times and for having fallen far short of the minimum, requires close examination. The President is requested to obtain the explanation of the Presidents concerned and submit a report to Government. The average attendance of the official members of the District Board fell from 6 to 4 during the year. This is unsatisfactory. The attendance of official members on the Taluk Boards also leaves much to be desired though attention to this defect was drawn in last year's review.

III. Village Panchayets.—Seventy-one Panchayets were formed under the new Regulation. Of these only 6 met the prescribed number of times. It is unsatisfactory that 18 Panchayets did not meet at all. The development of these Panchayets forms one of the main features of the Local Self-Government Scheme and it should be impressed on the local officers that there is great need for close supervision over and constant co-operation with the administration of these areas. Out of a sum of Rs. 17,655 raised in these local areas, a sum of Rs. 13,507 was spent in them. As under the new rules separate funds will be available for each of the Panchayets, with independent powers of expenditure, it is hoped that there will be a real improvement in the administration and the execution of public works in these areas.

IV. Finance.—There was an increase of Rs. 63,402 in the income of the Board. The increase is noticeable under the items "Local Cess" and "Railway Cess" but no explanation is furnished for the same. Out of the total demand of Rs. 83,750 under house tax and mohatarfa in Village Panchayets and non-panchayet rural areas Rs. 64,374 was collected leaving arrears amounting to Rs. 19,376 or 23 per cent at the end of the year. The balance is heavy and calls for prompt action.

The total expenditure during the year amounted to Rs. 1,13,018 as against Rs. 86,535 of the previous year. The expenditure being only about 45 per cent of the ordinary income. The attention of the President, District Board, is invited to the remarks made in this connection in para 4 of the last year's review on the administration of the Board.

No. R. 7781-3—L. B. 57-19-18, DATED 13TH JANUARY 1920.

V. *Public works*.—Out of the budget allotment of Rs. 72,558 only a sum of Rs. 41,653 was spent on works by the Public Works Department, the main item of expenditure being the maintenance of roads. There was a lapse of 42·5 per cent of the allotment. This is unsatisfactory. With a view to the roads being maintained in a more efficient condition, increased mileage allotments were sanctioned during the year and it is reported that the question of improving the communications in the district in the order of their urgency is engaging the attention of the District Board. The subject requires early attention as it is seen that the District Board has a surplus balance to its credit which may, with advantage, be utilised in the execution of useful works.

The execution of public works by the Civil Department continues to be unsatisfactory. Out of an allotment of Rs. 20,000 only a sum of Rs. 7,662 was expended resulting in a lapse of 61 per cent. The attention of the President is once again invited to the observation made in the last year's review in this connection.

VI. *Water supply*.—There was a total sum of Rs. 82,262 available for expenditure on well works during the year. Two hundred and twenty-nine well works were in progress and 42 were completed. The total outlay incurred was Rs. 18,702. The progress is still far from satisfactory.

VII. *Public health and sanitation*.—Influenza was responsible for the large death rate during the year, the number of deaths being 53,238 against 13,793 during the previous year. Neither in the report nor in Statement No. XV has any information been furnished as to the actual number of deaths that were due to this cause. Such large variations call for explanation both in the statement and in the report. The total number of vaccinations done during the year was 7,808 against 7,609 in the previous year. The Ayurvedic and Unani dispensaries continued to do good work and two more dispensaries were recently sanctioned. The total cost incurred on rural sanitation was Rs. 12,232 chiefly on account of conservancy establishment.

VIII. *General*.—The administration of the District Board during the year does not mark any improvement over that of the previous year. There is a great deal to be done by the Board to develop its resources and usefully employ the facilities placed at its disposal. The administrations of the Panchayets and the execution of useful public works have not received sufficient attention from the officials of the several local boards in the district and unless greater enthusiasm is shown in regard to these items appreciable progress in the administration of the District Board as a whole will not be in evidence.

THE MAHARAJA OF MYSORE.**

GENERAL AND REVENUE DEPARTMENTS.

READ—

The Administration Report of the Hassan District Board, for the year 1918-19, received with the Hassan Deputy Commissioner's letter No. Per. C. 19, dated 5th October 1919.

Order No. R. 7806-9—L. B. 57-19-20, dated 15th January 1920.

Constitution.—Though the Local Board and Village Panchayets Regulation, 1918, came into force on 1st July 1918, the old District and Taluk Boards and the Union carried on the administration of the District Fund in the Hassan District during the year under review pending the constitution of the new Boards and Panchayets. The constitution of the District and Taluk Boards was determined during the year according to the provisions of the new Regulation. Eight of the Taluk Boards and eighty-seven Panchayets completed the election and other proceedings during the year.

The formation of the new District Board and a few Taluk Boards, was still due at the end of the year and the delay is not satisfactory.

2. *Meetings and attendance.*—The District Board met four times during the year. All the Taluk Boards except those of Belur, Channarayapatna and Hole-narsipur held the required number of meetings during the year. Government regret to observe that the members of the Taluk Board of Hole-Narsipur evinced little or no interest in their work and that out of the four meetings held by the Board, three ordinary and one special—all the ordinary meetings had to be adjourned for want of quorum. The President of the District Board is requested to ascertain the cause of this indifference and apathy on the part of the members and submit a report to Government at an early date. The attendance at the meetings of other Taluk Boards is also capable of much improvement.

3. *Panchayets.*—Of the twenty old Unions, two were converted into minor Municipalities and all the others were converted into Panchayets under the new Regulation. In addition to these ninety-four new Panchayets were notified. The work of the new Panchayets has not been referred to in the report. This should have been done as Government had issued definite instructions requiring the Panchayets to start work during the year of their constitution.

The old Unions also did not work satisfactorily. None of them met regularly and one of them did not meet at all. The expenditure incurred in the old Unions, was Rs. 15,085 while the total receipts amounted to only Rs. 13,660. Explanation should have been furnished for an excess of expenditure over the income as under the new scheme each Panchayet is a self-contained institution and should have a separate account of its own.

4. *Finance.*—The total income of the Board during the year was Rs. 2,01,700 against Rs. 1,36,295 in the previous year, thus showing the increase of Rs. 65,405 over the figure of the last year. The real increase however amounts only to Rs. 95 as the rest of the amount is made up of the grant made by the Government for drinking water wells and the loan raised by the Board for the construction of a bridge over the Hemavati at Gorur. The reason for the increase of Rs. 24,566 under local cess has not been explained. The figures given under this head in Statements IV and VI do not tally. Such variations should be clearly explained in the report.

The total expenditure of the year amounted to Rs. 1,25,123. Out of the total demand, including arrears, of Rs. 1,93,802 a sum of Rs. 1,58,471 was collected leaving a balance of Rs. 35,331. The attention of the President is invited to this large arrears outstanding and he is requested to adopt prompt measures for their early reduction.

No. R. 7806-9—L. B. 57-19-20, DATED 15TH JANUARY 1920.

5. *Public Works*.—Out of the total allotment of Rs 21,606 under A. Public Works only a sum of Rs. 5,715 was worked out resulting in a lapse of 73·5 per cent of the allotment. The number of important projected public works are reported not to have been carried out owing to the prevalence of Influenza which paralysed business for a time. Under B. Public Works, also there was a heavy lapse of 60 per cent a sum of Rs. 6,440 only having been spent. The progress under this head continues to be unsatisfactory although Government have repeatedly drawn attention to this defect in the reviews of previous years and laid down instructions for minimising such lapses.

6. *Rural water-supply scheme*.—A sum of Rs. 5,399 was spent on well works, during the year. Seventeen wells were completed, thirty-four wells were reported to have been under construction. The report should have contained information as to the total number of wells required in the district and the number still remaining to be taken up. There is a large balance of Rs. 60,929 available for expenditure under this head. Government have reduced the amount of contribution payable by the raiyats and they have also created facilities for its recovery. Government hope that with these facilities the progress of well works in future will be more rapid and satisfactory.

7. *Public health, Sanitation, etc.*—There was a large increase in the number of deaths, which amounted to 31,602, against 8,157 in the previous year. The Influenza epidemic alone accounted for as many as 27,849 deaths. Vaccination works showed a marked improvement over the work done in 1917-18, the number of vaccinations done during the year being 10,155 against 5,370 in 1917-18. This is satisfactory. The Vaidyasala continued to do good work.

8. *General*.—The Administration of the District Board during the year does not show any improvement over that of the previous year in regard to the attendance of members at the meetings of Taluk Boards and Unions, the execution of public work and the collection of the current demand and arrears of previous years. The year was no doubt one of exceptional difficulty owing to the prevalence of virulent epidemics and adverse seasonal conditions. But the Government hope that with the return of normal conditions, there will be a decided improvement in the Administration of the Board during the current year. The attention of the District Board should also be directed towards the completion of all the details connected with the formation of new Taluk Boards, with their funds and assignment of functions, etc.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Administration Report of the District Board, Shimoga District, for the year 1918-19, received with the Deputy Commissioner's letter No. R. Dis. No. 17—L. B. 1920, dated 29—30th September 1919.

Order No. R. 8341-3—L. B. 57-19-24, dated 28th January 1920.

I. Constitution.—The reconstitution of the District Board and of the nine Taluk Boards in the district having been ordered with effect from the 1st July 1918, under the Local Boards and Village Panchayet Regulation of 1918, the constitution of the Village Panchayets was first taken up and completed. The forty villages where Union Panchayets existed in the district and sixty-five fresh villages are reported to have been constituted into Village Panchayets, the total thus numbering in all 105. The statement that 40 Unions were converted into Village Panchayets appears to be incorrect as two of them were constituted into Minor Municipalities. Further Appendix V shows only 52 as the total number constituted into Village Panchayets instead of 105 and the reason for this variation should have been explained.

Of the 9 Taluk Boards only 7 were constituted under the new Regulation with an improved and extended electorate the proportion of the elected representatives having been considerably increased. In the Headquarter Taluks of the Sub-Divisions, the Assistant Commissioners and in others, the Amildars have been appointed the Presidents thereof. As each Taluk Board was ordered to have an elected Vice-President, the newly constituted Taluk Boards of Shikarपुर and Tirthahalli elected their own Vice Presidents during the year. The reconstitution of the District Board could not be completed before the close of the year as all the Taluk Boards had not been reconstituted. The old District Board continued to carry on the Administration of District Funds during the year.

II. Meetings and attendance.—The District Board held five meetings during the year. The average attendance was 16·8 for an actual strength of 27 against 20·4 for the same number of members for the previous year. The prescribed number of meetings were held by each Taluk Board though the total meetings held by all were only 61 against 69 in the previous year. The total number of meetings held by the Panchayets were only 227 against 355 for the previous year. There was a great fall in number of meetings held during the year even assuming that there were only 52 Panchayets in working order as per Appendix V instead of 105 as mentioned in the report. The prescribed number of meetings were held only in eight Village Panchayets and meetings were not at all held in seven others. The income and expenditure of the Village Panchayets were Rs. 9,678 and Rs. 11,042 against Rs. 16,284 and Rs. 11,426 of the previous year. The large variation under income should have been explained. The expenditure also appears not to have been fairly apportioned.

III. Financial position.—The ordinary income of the Board was Rs. 1,59,580 against Rs. 1,66,212 in 1917-18. A sum of Rs. 26,731 also accrued to the Board being the interest on the Shimoga District Board Railway Debenture Loan Deposit having been credited by Book Transfer from "Deposits" to the head "D. 14 Interest on Investments." The ordinary expenditure was Rs. 1,44,794 against Rs. 1,27,296 for 1917-18 owing to increased expenditure generally under all the main heads. The balance at the credit of the District Board was Rs. 2,88,181. It is stated that the collection work during the year still continued to be unsatisfactory owing to unfavourable seasonal conditions. The arrears under all the head excepting "other items" were very heavy, viz., Rs. 59,186 against Rs. 31,939. It is hoped that every endeavour will be made to reduce the arrears early.

No. R. 8341-3—L.B. 57-19-24, DATED 28TH JANUARY 1920.

IV. *Public Works*.—The execution of the Public Works by the Civil Department is also said to have been adversely affected by seasonal conditions. A sum of Rs. 9,788 was allowed to lapse out of the allotment of Rs. 17,406 made for the purpose. Such heavy lapses should not be allowed to recur in future.

V. *Roads*.—It is unsatisfactory to note that many of the District Fund roads are still left in bad condition notwithstanding the increased mileages sanctioned therefor. The Chief Engineer will see that particular attention is paid to the improvement of these roads.

VI. *Water-supply*.—Out of the total sum of Rs. 53,964 available under this head, only a sum of Rs. 12,279 was spent leaving a large balance of Rs. 41,685 at the close of the year. Forty well works were in progress and 29 were completed. It is expected that better progress will be shown in this direction in future since the raiyat's contribution has been recently reduced to $\frac{1}{3}$ rd of the cost of execution of each well.

VII. *District Board Railway*.—The total collection up-to-date including a sum of Rs. 22,006 collected during the year was 3,48,006 against a subscribed capital of Rs. 7,66,050.

VIII. *Public Health, Sanitation, Conservancy, etc.*—The total number of births and deaths were 6,531 and 39,242, respectively, against 9,232 and 10,482 for the previous year. The Influenza alone accounted for 30,677 deaths.

It is gratifying to note that 249 acres of land were cleared of rank vegetation in 74 villages at an estimated cost of Rs. 4,973. The cost of the work turned out by the raiyats amounted to Rs. 4,673 and Rs. 300 were reported to have been spent by the Malnad Improvement Committee on this account.

IX. *Vaccination*.—The number of cases vaccinated was 10,700 against 5,929 of the previous year. It is reported that six temporary vaccinators employed under the Malnad Improvement Scheme also attended to the Vaccination of 2,705 cases.

It is also stated that the Sanitary Survey of 82 villages was conducted by the Malnad Improvement Committee in addition to that of 125 villages completed during the previous year. The result of the said survey should be reported.

Administration Report of the Bangalore City Municipality.

No. R. 8542-9—ML. 103-19-32, DATED 31ST JANUARY 1920.

**PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.**

GENERAL AND REVENUE DEPARTMENTS.

READ—

Administration Report of the Bangalore City Municipality for the year 1918-19 received with the President's letter No. 114, dated 3rd November 1919.

Order No. R. 8542-9—ML. 103-19-32, dated 31st January 1920.

Constitution.—The amended Municipal Regulation V of 1918 having come into force during the year, there were some changes both in the constitution of the Municipal Council and in the number of Councillors. The proportion of elected members was raised from $\frac{1}{2}$ to $\frac{2}{3}$, and the strength of the Council was increased from 25 to 27 members. The strength was further increased to 28 after the general elections of November 1918, to provide for the appointment of the Honorary President, on nomination by Government. The appointment of a Chief Officer was sanctioned during the year for the first time and the Vice-President was permitted to be elected from among the Councillors. Mr. Abbas Khan was the first elected Vice-President of the Council.

Meetings and Attendance.—The total number of meetings held during the year was 22 (12 ordinary and 10 special) against 26 (12 ordinary and 14 special) in the previous year. The average attendance of members was almost the same as in the previous year being 18.4 against 15.2 for the total strength of 28 against 25.

Working of the Committees.—There were in all three committees working during the year. Each committee met on an average 18 times. It is satisfactory to note that the Managing Committee alone met 32 times during the year and disposed of a large volume of work, the members evincing a great deal of interest in the disposal of the questions referred to the Committee. The work done by the Education Committee leaves however much room for improvement.

Financial Position.—The year opened with a cash balance of Rs. 8,855. There was an increase of Rs. 57,516 in the ordinary income of the Municipality chiefly under Octroi on account of large import of piece goods, timber, tobacco and cocoanuts during the year. The total demand under all heads of taxation including arrears amounted to Rs. 6,92,650 of which Rs. 6,23,808 was collected and Rs. 2,477 was written off the accounts leaving a heavy balance of Rs. 66,366. The collection under assessed taxes amounted to Rs. 1,50,924 against Rs. 1,40,483 of the previous year, representing 69.8 per cent of the total demand against 76.4 in the previous year. The decrease under collections is said to be due to the prevalence of influenza and high prices and the employment of the collection staff in connection with the preparation of the census and other statistics connected with the food control in the City. The balance outstanding was Rs. 55,743 or 29.7 of the total demand against 22.5 in the previous year. Prompt steps should be taken to reduce the arrears which have unavoidably been allowed to accumulate during the year under review. There was an increase of Rs. 92,036 under the ordinary heads of expenditure, chiefly due to the payment of grain compensation and war allowances to all the Municipal establishments and the revision of the scale of pay of certain establishments of the Municipality, and to refunds. The balance at the close of the year amounted to Rs. 1,12,311, but including investments it was Rs. 3,99,811 against Rs. 3,71,355 in the previous year. The Deputy Commissioner of the Bangalore District and the Excise Commissioner in Mysore are requested to adjust the amounts payable to the Municipality on account of land revenue and cess in the City and arrack surcharge and registration fees respectively without any delay.

Incidence of taxation.—The incidence of taxation during the year was Rs. 4-8-6 against Rs. 3-13-9 in the previous year.

No. R. 8542-9—ML. 103-19-32, DATED. 31ST JANUARY 1920.

Public Works.—There was an increase of Rs. 22,932 in the amount of expenditure under this head during the year. The work attended to during the year related to the construction and repair of roads, drains and buildings. Seven thousand two hundred and eighty-six feet of drains were newly opened and $2\frac{1}{2}$ furlongs of lanes were opened.

Acquisition work.—Out of 45 cases in which acquisition proceedings were completed and awards passed during the year, 5 parties sought a reference to the Civil Court for enhanced compensation and awards were accepted in the remaining 40 cases. Out of 18 cases pending in the Civil Court, 15 cases were disposed of involving an enhanced aggregate compensation of Rs. 44,602 against Rs. 20,570 awarded by the Vice-President and Land Acquisition Officer. The number of cases pending disposal is still very large and calls for more energetic action on the part of the Chief Officer.

Sanitation and Conservancy.—The total expenditure under this head rose from Rs. 48,873 to Rs. 59,653 during the year. The number of sweepers and toties was increased by 10 each, and temporary arrangements were also made for the removal of lantana in vacant Municipal lands and silt from the main drains. Public health suffered to some extent on account of the outbreak of plague and small-pox, both of which accounted for a large number of deaths than in the previous year. The usual precautionary measures were satisfactorily adopted. But the greatest havoc was done by the pandemic of influenza, which began in July 1918 in a mild form, and reappeared virulently in October 1918. Its activity continued for about 8 weeks and nearly 40,000 people were laid up during the season, of whom 2,074 perished. The Government note with appreciation, the philanthropic assistance rendered in this connection by both the official and non-official gentlemen and the good service done by the volunteers.

Vaccination.—The number of persons vaccinated was 7,521 as against 4,167 in the previous year. Of these 4,798 cases or 86.3 per cent were successful.

Public Instruction.—The number of Municipal and aided schools in the city remained the same as in the previous year, *viz.*, 2 and 9 respectively. The expenditure incurred under this head was Rs. 6,778 against Rs. 6,138 in the previous year. Four branch libraries were in existence at the beginning of the year and one more was added in the course of the year. The total expenditure incurred under this head amounted to Rs. 6,327 against 6,511 in the previous year.

Vital Statistics.—The number of births and deaths registered during the year was 3,266 and 5,977 against 3,286 and 3,473 respectively in the previous year. The death rate was 67.42 against 39.1 per mille. The increase in the number of deaths was chiefly contributed by deaths under Influenza. Infant mortality during the year continued to be high being 638 against 647 in the previous year.

The Bangalore City Improvement Committee.—The Committee met 9 times during the year and disposed of a number of important questions.

The question of financing a comprehensive sewerage scheme for the old city and extensions was still engaging the attention of Government during the year under review.

Estimates were submitted by the City Improvement Committee for the following works and were duly sanctioned during the year.

Laying out a New Bamboo Bazaar.

The work in connection with the construction of the interior stalls of the General market was commenced during the year and has made some progress.

The expenditure incurred on the City Improvement Works amounted to Rs. 56,127 and the contribution from State Funds therefor to Rs. 46,897.

General.—The work of the Municipal Council during the year continued to be satisfactory, though the year was one of exceptional difficulty due to adverse seasonal and war conditions and the thanks of the Government are due to the President and the Municipal Councillors for the zeal and earnestness with which they have discharged their duties.

READ—

Government Order No. 6340-9—ML. 330-12-3, dated the 20th December 1913, reconstituting the Bangalore City Improvement Committee.

Order No. R. 7335-7—ML. 1-19-7, dated 2nd January 1920.

In the Government order read above, the Committee was reconstituted so as to consist of four Government Officers, three Municipal Councillors and two leading citizens with the President of the City Municipal Council as Chairman and the Senior Vice-President as Secretary, and the functions to be performed by the body were also laid down. With a few additions and alterations in the personnel, the Committee now consists of eight Government Officers inclusive of the Municipal Engineer, four Municipal Councillors and two leading citizens, with the President and the Senior Vice-President of the City Municipal Council as Chairman and Secretary, respectively.

2. Orders have been passed on the schemes of improvements prepared and submitted by the Committee from time to time and the latest Order No. 6317-20—ML. 87-17-32, dated the 9th May 1918, fixes the programme of works for the next three years and also specifies the arrangements for financing them. The total cost of the improvement works included in this programme amounts to about 13 lakhs, exclusive of the self-supporting projects and the drainage works. Government have undertaken to contribute one-half of the cost of the drainage works and two-thirds of the cost of other improvement works and an annual grant of 3 lakhs from State Funds has been promised for the purpose.

3. In view of the magnitude and importance of the works to be carried out and the large share of the cost borne by them Government consider it desirable to reconstitute the City Improvement Committee as follows with effect from 1st February 1920 :—

The Committee shall hereafter consist of :—

- | | | |
|--|----|---|
| (a) A Chairman and six members | .. | To be appointed by Government. |
| (b) A Vice-Chairman and four Municipal Councillors | .. | To be nominated by the Municipal Council. |

4. The rules for the conduct of business of the Committee sanctioned in Government Order No. 8105—ML. 10-13-14, dated the 25th February 1914, with slight modifications necessitated by the change in constitution, will apply to the new Committee also. The revised rules are appended hereto.

No. R. 7335-7—ML. 1-19-7, DATED 2ND JANUARY 1920.

REVISED RULES REGARDING CONDUCT OF BUSINESS OF THE
CITY IMPROVEMENT COMMITTEE, BANGALORE.

1. In the absence of the Chairman, the Committee shall appoint one from amongst the members for presiding at the day's meeting.
2. The Committee shall meet at least once in a month.
3. The meeting shall be convened by the Vice-Chairman under the orders of the Chairman.
4. Three clear days' notice shall be given of a proposed meeting and every member shall be furnished with a copy of the agenda to be placed before the Committee.
5. In emergent cases the Chairman may obtain the Committee's opinion by circulation of papers.
6. The quorum shall consist not less than half the members and when there is an equal division of votes, the Chairman shall have the casting vote.
7. A meeting adjourned for want of quorum may proceed with its business on the adjourned day without a quorum.
8. The minutes of the Committee shall be recorded in a special book and copies thereof shall be submitted to Government not later than a week.
9. A separate file shall be maintained of all plans, proposals and schemes considered by the Committee and submitted to Government.
10. Any member absent for three consecutive ordinary meetings of the Committee without giving previous intimation to Chairman, is liable to forfeit his seat on the Committee.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 3782, dated 21st October 1919, from the Registrar, Mysore University, forwarding the Annual Report of the University of Mysore for the year 1918-19.

Order No. 5725—Edn. 123-19-25, dated 2nd January 1920.

Rajamantrapravina Mr. H. V. Nanjundayya continued to be the Vice-Chancellor of the University, and Mr. Denham, the Registrar. Three new Professors were added to the University staff, *viz.*, two for English, one each in the Maharaja's College, Mysore, and in the Maharani's College and one for Philosophy in the Maharaja's College.

2. *Finance and Attendance.*—The income of the University from all sources amounted to Rs. 7,90,888 and the expenditure to Rs. 6,55,941 during the year as against Rs. 5,55,420 and Rs. 4,82,229, respectively, during the last year. The number of students under instruction in the various Colleges was 734 including 8 students in the College Classes of the Maharani's College as against 619 in the year 1917-18, the increase in the strength being highest in the Maharaja's College.

3. *Examination and Courses of Study.*—Out of 131 candidates sent up for the B. A. Degree Examination, 64 passed in both parts, 1 being placed in the 1st class in both. Of the 15 candidates sent up for the B.Sc. Degree, 12 passed, 2 being placed in the 1st class. Sixteen candidates appeared for the 1st year's Certificate Examination, of whom 9 passed. Forty students were registered for the Intermediate Examination in Engineering, of whom 34 were declared to have passed. Seven hundred and sixty seven candidates appeared for the Entrance Examination as against 403 in 1917-18, and 215 were declared to have passed, *i.e.*, 28.29 per cent as against 34.24 in the previous year. The 2nd year Commerce Class in the Commerce Faculty, the 3rd year class in Philosophy Group 1, and the 2nd year class in the Engineering College were opened during the year. Arrangements were also made for instruction to graduates studying for the M. A. Degree in certain subjects in the Maharaja's College, Mysore.

4. *Libraries.*—Two thousand, six hundred and fourteen volumes and reports were added to the University Library. The number of volumes in the Library is 4,925. Orders for books worth about Rs. 60,000 are reported to have been placed. The Oriental Library also had considerable additions made to it in the shape of rare manuscripts and transcripts.

5. *Hostels.*—With a view to affording relief to certain students of the Central College who could not be accommodated in the College Hostel, a private hostel was maintained. The question of revision of rules regarding the hostels maintained by the University with a view to make them self supporting on the lines of the rules issued recently for hostels under the management of or receiving grants-in-aid from the Education Department, is under consideration.

6. *Endowments.*—Including the 7 endowments amounting to Rs. 39,362 accepted during the year, the total value of the endowment on the last day of the year was Rs. 1,41,374.

7. The two Lecture Halls, additional blocks for the hostel, the Cricket Pavilion and the Union Buildings at Mysore were completed and the other buildings of the University made appreciable progress.

8. The First Convocation for conferring degrees was held on 19th October 1918, when His Highness the Chancellor presided and Sir Asutosh Mukherji addressed the first Graduates of the University. The Degree of Bachelor of Arts was conferred on 31 and all.

9. *Inspection and other work of the University.*—The Entrance Classes of the Collegiate High Schools were inspected by the Professors of the University and the

READ—

Government Order No. 5594-5—Edn. 118-17-8, dated the 19th December 1919, approving among other matters of the appointment of the two City Assistant Inspectors on Rs. 150 as Office Assistants of the Circle Inspectors of Education.

2. Letter No. 292—H. C., dated the 15th October 1919, from the Inspector-General of Education, submitting proposals to appoint full-time Office Assistants to Circle Inspectors of Education and to place the two City Inspectors under the direct control of Circle Inspectors.

Order No. 6004-5—Edn. 18-19-109, dated 9th January 1920.

The Inspector-General of Education recommends that in the interests of efficiency of the schools in the Cities of Bangalore and Mysore and the Offices of the Circle Inspectors, full-time Assistant Inspectors may be appointed as Office Assistants to the Circle Inspectors of Education and the two City Assistant Inspectors relieved of the office work of Circle Inspector's Office. He also proposes that, as the two Senior Assistant Inspectors are virtually District Inspectors both in the nature of their work and the grade of the schools placed under their administrative control and supervision, they may also be given the powers of District Inspectors in respect of appointments, grant of leave, sanction of scholarships, etc., and the two cities treated as two separate districts for purposes of Educational Statistics, the two City Assistant Inspectors being placed under the direct control of Circle Inspectors.

2. Government are pleased to approve of the proposals of the Inspector-General of Education to place the City Inspectors under the direct control of Circle Inspectors with powers of District Inspectors. They consider that the other proposal to appoint full-time Office Assistants to Circle Inspectors may be deferred for the present and the City Inspectors continue to discharge the duties of Assistants to Circle Inspectors.

**Damodar Doss Khadayata Scholar-
ship Fund.**

No. 6377-8—Edn. 45-17-16, DATED 17TH JANUARY 1920.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. 2656-7—Edn. 51-15-4, dated the 8th December 1915, sanctioning revised Rules for the grant of the Mysore Government Damodar Doss Khadayata Scholarships.

2. Correspondence ending with letter No. 148—H. C. of 1919-20, dated the 12th September 1919, from the Inspector-General of Education, submitting proposals for the utilization of the accumulated balance of the Damodar Doss Khadayata Scholarship Fund.

3. Further correspondence ending with letter No. 1481—H. C., dated the 4th December 1919, from the same Officer on the subject.

Order No. 6377-8—Edn. 45-17-16, dated 17th January 1920.

The Inspector-General of Education has forwarded a resolution of the Advisory Committee of the Damodar Doss Khadayata Scholarship Fund that the interest on Rs. 31,300 and odd being the increment of the original Damodar Doss Khadayata Fund and that on any further increment that may accrue be ordinarily used for the purpose of awarding local free scholarships but the Committee may be authorised in any special case to recommend that a loan scholarship be awarded out of the corpus of the fund subject to such conditions and terms as the Committee deem fit to impose with the approval of Government. The Committee have also proposed a set of Rules relating to the loan scholarship to be awarded. The Inspector-General of Education considers that the proposals tend to improve the general educational progress of the community and provide also for higher technical training in special cases, and recommends that they may be approved.

Government are pleased to approve of the recommendation of the Advisory Committee and to direct that detailed Rules regarding the award of local free scholarship may be submitted for sanction in due course. The proposed Rules regarding the loan scholarship are also approved with the observation that Rule 6 will be modified so as to require the candidate to enter into an agreement with the Government of Mysore as in the case of loan scholarships paid from the State Funds. The Rules as approved are printed as an appendix to this order.

Government do not consider it necessary to form another fund out of the accumulated savings. The savings will be added on to the corpus of the existing fund, and the number and amount of the scholarships determined with reference to the additional income derived from the enhanced corpus of the fund.

No. 6377-8—EDN. 45-17-16, DATED 17TH JANUARY 1920.

APPENDIX.

1. There should be only one loan scholarship held at a time out of this fund.
2. The amount paid to the scholar as loan scholarship should carry interest at 4 per cent on annual rests.
3. The scholar should get his life insured for such amount as is likely to be due by him including interest up to the time that the amount of the scholarship is repaid in the ordinary course.
4. The ordinary amount of the scholarship shall be £200 a year payable to the scholar by quarterly instalments of £50.
5. The amount of the scholarships together with interest be made repayable by five annual instalments, the first instalment becoming payable at the end of the 1st year after the scholar's return to India or after the termination of his studies and the others on same day in every subsequent year.
6. The scholar, his guardian and two sureties whose names are approved by the Advisory Board should execute with the Government of Mysore a formal document embodying the following conditions :—
 - (1) To repay the amount received by the scholar in the form of scholarships together with interest at 4 per cent per annum calculated on the principal of annual rests.
 - (2) To pay premium on the life policy regularly and not to allow the policy to lapse for non-payment of premium till loan debt with interest is completely discharged.
 - (3) To covenant that the amount of scholarships be utilised exclusively for meeting the costs of the student's passage to and from the foreign country where he proposes to study, his maintenance on ordinary scale and the cost of teaching in the business which he intends to take up and for no purpose.
7. The Mysore State is competent on proper reason being shown to reduce the amount of the annual instalment, to increase the number of instalments, to alter the days of payment or to remit any portion of the scholar's debt or the whole or any part of interest on the same.

**Abolition of Fees in Government
Middle Schools.**

No. 6634-5—EDN. 357-19-1, DATED 23RD JANUARY 1920.

**PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.**

GENERAL AND REVENUE DEPARTMENTS.

Order No. 6634-5—Edn. 357-19-1, dated 23rd January 1920.

With a view to encourage the expansion of Primary Education in the State, the levy of school fees in the Upper Primary Classes II and III of all Village Elementary Schools was abolished in 1907 and the exemption was extended in the year 1908, to the Upper Primary Classes in all Taluk Vernacular Schools. Levy of school fees was also abolished in classes, Infant I and II of all Anglo-Vernacular Schools maintained from State and Village School Funds and in classes IV and V of Village Elementary Schools.

2. The question of providing increased facilities for education in all the grades has been engaging the attention of Government for some time past. The subject of making Secondary Education free in order to promote higher education in the State, has been urged repeatedly in the Representative Assembly and the question was also discussed at great length at the last Session of the Economic Conference. Government observe that in determining the facilities to be provided for the encouragement of education in the various grades and in the distribution of funds proportionately among them, the most important principle to be kept in view is the benefit likely to be derived from each grade of education by the largest number of people in the State. As regards Primary Education, special measures have been adopted to place it within the reach of the bulk of the people by opening schools on a large scale throughout the State and by abolishing fees in these classes. But the education at present imparted in Primary Schools does not usually extend over a course of more than two or three years and the instruction is too rudimentary in character to prevent pupils who have not proceeded beyond that stage as a rule from relapsing into illiteracy. It has therefore been urged with much force that instruction in the Middle School grade should be considered an essential part of the minimum education necessary for the bulk of the population and that it has as paramount a claim as Primary Education upon the available resources of the State.

3. At present, the principal means for promoting education in the middle and higher grades are the award of scholarships and of a certain percentage of freeships. The mere grant of scholarships to a very limited number of pupils cannot have appreciable effect in encouraging education in the lowest grades and the value of the scholarships, moreover, is too small to be of much help to the few pupils that are able to get them. Education in the Middle Schools has, therefore, to be extended in the same way and by the same means as Government have adopted in the case of Primary Education, *viz.*, by increasing the number of schools so as to afford an opportunity to pupils in every fairly large centre of population to undergo the Middle School Course, and making education in that course also free. The existing Middle Schools if properly organised and equipped and if the types are standardised are capable of imparting more efficient instruction to a much larger number of pupils than are attending them at present. Proposals to increase their number and improve their types are separately under consideration. It should therefore be possible to provide for the increased number of pupils that may resort to Middle Schools if Lower Secondary Education is made free without any disproportionate increase in the number of new schools to be provided in future.

4. As already announced by the Dewan in his Address to the Representative Assembly on the 6th October 1919, His Highness the Maharaja has been graciously pleased to sanction education in the Lower Secondary grade being made free. Government are pleased to direct that with effect from the 1st July 1920, no fees shall be levied in Government Middle Schools. As regards the higher grades of education,

No. 6634-5—EDN. 357-19-1, DATED 23RD JANUARY 1920.

Government consider that the abolition of fees is not possible as the requirements of lower grades of education demand all the existing resources and that the only manner in which higher education can be encouraged is by the grant of suitable scholarships to deserving pupils who on account of poverty are prevented from proceeding to higher courses of study.

Mysore Educational Proficiency Examination.

No. 7127-9—Edn. 95-19-7, DATED 31ST JANUARY 1920.

**PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.**

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 89—H. C. of 1919-20, dated the 31st July 1919, from the Inspector-General of Education in Mysore, regarding the Institution of the Mysore Educational Service Proficiency Examination.

2. Correspondence ending with letter No. 41, dated the 13th November 1919, from the Secretary, Education Committee on the subject.

(Printed in extenso.)

Order No. 7127-9—Edn. 95-19-7, dated 31st January 1920.

With a view to raise the efficiency of the teaching and inspecting staff employed in the Education Department and facilitate interchanges whenever necessary, the Inspector-General of Education proposes to introduce an examination styled "The Mysore Educational Service Proficiency Examination." The Education Committee who were consulted are of opinion that an examination of the kind proposed is absolutely necessary and that it should be made obligatory not only on those who entered service after 1910, for earning promotion or confirmation but also on others as far as possible and have resolved that the scheme be introduced immediately with the following additions and modifications:—

(1) No Assistant Inspector who has not passed this examination should be confirmed in the grade of Rs. 75—10—125 and no such Assistant Master in the grade of Rs. 150 unless he is above 40 years of age in which case he may be exempted from passing the examination.

(2) The management of this examination should be entrusted to the Local Examination Board instead of the Special Board proposed by the Inspector-General of Education.

(3) As regards the curricula subject "A" 3 should be omitted and "B" 1 should take its place and in "B" subjects 3 and 4 may be combined under the head of "Educational Codes," there being three subjects under group (A) and two under group (B).

Further the proposed examination in Kannada should not be a Proficiency Test and it should be conducted as a *viva voce* Departmental Examination on the lines of the Kannada Test of Civil Service Examination.

(4) As regards fees, the fees for each of the two groups should be Rs. 5 only and no fees should be charged by the department for the *viva voce* examination in Kannada.

Government are pleased to approve of the proposals of the Inspector-General of Education subject to the modifications suggested by the Education Committee. The scheme as approved by Government involves a net cost of Rs. 650 per annum as follows:—

	Rs.
1. For setting 5 papers Rs. 100 each	500
2. <i>Viva voce</i> Examination.—Remuneration to Examiners..	100
3. Remuneration for valuing papers at Rs. 2 for each paper for 25 candidates	250
4. Stationery articles	50
Total ..	900
Deduct—Registration fees for 25 candidates ..	250
Net cost ..	650

No. 7127-9—EDN. 95-19-7, DATED 31ST JANUARY 1920.

The cost during the current year will be met by reappropriation of sanctioned grants in the Education Budget and necessary provision will be made in the budgets of further years.

P. G. D'SOUZA,

The Secretary, Board of Education.

Encl.—C. H.

ACCOMPANIMENT.

Letter No. 89—H. C. of 1919-20, dated the 31st July 1919, from the Inspector-General of Education in Mysore, to the Secretary to Government, Departments of Education and Agriculture.

I have the honor to bring to the notice of Government that at present there is no system of examinations in the Education Department, by which the professional fitness of teachers could be tested and a guarantee secured that the system of interchange between the inspectorate and the teaching line does not lower the efficiency of the organisation in general and of the inspecting line in particular. One of the greatest drawbacks at present is the utter ignorance displayed by most teachers in regard to the administrative and other duties committed to the charge of the inspectorate with the result that when a teacher, even a successful teacher, is posted as Inspector he generally takes a long time to understand the nature of his work, causes a decided deterioration in the tone of his office and generally fails to come up to the level efficiency that may be anticipated from his past and educational attainments. Government have more than once emphasised the importance of frequent interchanges between the inspecting and teaching lines. With a view to make this policy, with which the Educational authorities are in almost unanimous sympathy, effective, it is proposed to introduce a system of Departmental Examinations for the higher Officers of this department with a view to secure the minimum standard of efficiency for either type of work.

Further owing to the rapid expansion of education in the State of Mysore and the extraordinary expansion of service establishments therein it has been found impossible, consistently with the rights and claims of the younger generation for proper education, to exclude outsiders from departmental appointments. Most of these are men of distinctly higher qualifications than the local teachers and have had the further advantage of undergoing a regular course of training. Their usefulness to the State will be considerably increased by their being made to undergo a compulsory test in Kannada.

It is therefore proposed to institute the following examination in three groups to be entitled "Mysore Educational Service Proficiency Examination."

The examination will comprise the following groups and subjects:—

Group (A)—Proficiency in Instruction.—

Subjects—(1) Teaching methods—One paper of 3 hours' duration-150 marks.

(2) School organisation, discipline and corporate school activities—
One paper of 3 hours' duration-150 marks.

(3) Essays on some Educational topics—One paper of 3 hours' duration-100 marks.

Group (B)—Subjects.—

(1) Comparative study of Educational systems in British India and one foreign country (book to be prescribed)—One paper of 3 hours' duration-150 marks.

(2) Mysore Service Regulations and Mysore Account Code—One paper of 3 hours' duration-150 marks.

(3) Educational Codes of Mysore and British India—One paper of 3 hours' duration-150 marks.

(4) Inspection Codes and Grant-in-Aid Codes—One paper of 3 hours' duration-150 marks.

Group (C)—Examination in Kannada Language for non-Mysoreans—One paper of 3 hours' duration-150 marks.

Viva voce Examination in Kannada—50 marks.

N.B.—Group (C) is compulsory for all teachers who at the time of their appointment are presumed to have an insufficient acquaintance with Kannada.

NO. 7127-9—EDN. 95-19-7, DATED 31ST JANUARY 1920.

1. The examination is open to all graduates of this or any other University and to those who have put in an approved service of three years in the Education Department and have passed the Entrance Examination of the Mysore University or any equivalent test.

2. All Educational Officers drawing Rs. 50 and above should pass this test within three years after their entertainment in service to earn their confirmation.

3. All Educational Officers drawing Rs. 50 and above entertained since 1910 are required to pass this Departmental Examination within three years from the introduction of this scheme.

4. Those who have passed the L T. Degree Examination or any equivalent test will not be required to pass in Group (A).

5. Mysoreans or others who are certified by the Department to have a competent knowledge of Kannada will be exempted from Group (C).

6. A candidate for the Departmental Examination may, at his option, present himself for all or any one group at a time.

7. The examination will commence on 15th May of each year but if that happens to be a holiday on the nearest subsequent date.

8. Candidates obtaining not less than 35 per cent of marks in each paper and 40 per cent in the total will be awarded ordinary pass certificates, and those obtaining 60 per cent of the total 1st class certificates.

9. A Board for the conduct of this examination will be constituted with the Inspector-General of Education as President and the Deputy Inspector-General of Education, the two Circle Inspectors and the Inspectress of Girls' Schools and the Principal of the Training College as Members. The Secretary of the Local Examination Board will be the Secretary.

10. The registration fee for each group shall be Rs. 10 and for Kannada Examination Rs. 5. A candidate shall be registered afresh on each occasion in which he presents himself for examination.

11. The examiners will be paid at the rate of Rs. 100 for setting papers of three hours' duration, and Rs. 2 for valuing a paper of the same duration, and Rs. 50 for the *Viva Voce* Examination.

The approximate cost will be—

	Rs.
<i>Setting papers.</i> —At Rs. 100 for each paper for 8 papers ..	800
<i>Viva voce.</i> —At Rs. 50 each, for 2 Examiners ..	100
<i>Valuation.</i> —At the rate of Rs. 2 for valuing each paper say, 25 candidates ..	400
Stationery articles ..	50
Total	1,350
Less Registration fees of 25 candidates about (a year) ..	500
Net cost to Government	850

If Government approve of the scheme outlined above, and constitute the Board with sufficient powers, it will prescribe texts and syllabuses and prepare a calendar for the examination and arrange to conduct it from May 1919.

Letter No. A. C. 1748, dated 24th June 1919, from the Inspector-General of Education, requesting that he may be authorised to appoint additional hands carrying salary up to Rs. 40 per mensem in the case of District Head quarter Anglo-Vernacular Schools and Rs. 25 in the case of Anglo-Vernacular and Vernacular Middle Schools at Taluk stations and villages.

Correspondence ending with letter No. A. C. 1748, dated 20th October 1919, from the same officer, furnishing further information in the matter.

Order No. 6952-3—Edn. 173-19-10, dated 29th January 1920.

In Government Order No. 8540-1—Edn. 173-18-17, dated 8th March 1919, the Inspector-General of Education was empowered to open new Government Elementary Schools and to sanction additional teachers to existing schools in anticipation of the sanction of Government. Scales of pay were also laid down in regard to the additional hands to be entertained in Elementary Schools and High Schools but not for Anglo-Vernacular and Vernacular Middle Schools.

Government are pleased to authorise the Inspector-General of Education to appoint additional teachers in Anglo-Vernacular Schools under para 3 (b) of Government Order No. 8540-1—Edn. 173-18-17, dated 8th March 1919, on a pay not exceeding Rs. 30 in the case of District Headquarter schools and Rs. 25 in the case of schools in other places and Vernacular Middle Schools.

The above delegation of powers is subject to the limitation in regard to funds specified in the last clause of para 3 of Government Order dated 8th March 1919 referred to above.

**District Inspector of Hindustani
Schools for the Malnad.**

No. 6866-7—Edn. 44-19-2, DATED 27TH JANUARY 1920.

**PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.**

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 160—H. C., dated the 16th April 1919, from the Inspector-General of Education, submitting proposals for the territorial distribution of work among the Assistant Inspectors of Hindustani Schools.

2. Letter No. 63—H. C., dated the 25th July 1919, from the same officer, recommending the appointment of a District Inspector of Hindustani Schools for the Malnad District.

3. Correspondence ending with letter No. 63—H. C., dated the 11th September 1919, from the Inspector-General of Education, submitting proposals for strengthening the Inspectorate.

Order No. 6866-7—Edn. 44-19-2, dated 27th January 1920.

The Inspectorate for Hindustani Schools consists of two District Inspectors with Headquarters at Bangalore and Mysore, 4 Assistant Inspectors 2 of whom are attached to the Offices of the District Inspectors as their Personal Assistants and 3 Supervisors. It has often been represented at the Representative Assembly that the Inspecting Staff of these schools is inadequate and that an additional Inspector for the Malnad is absolutely necessary. The Inspector-General of Education has also recommended in pursuance of a resolution of the Mahomedan Educational Conference that a third District Inspector of Hindustani Schools may be appointed for the Malnad Districts of Hassan, Kador and Shimoga, and has proposed the following scale of charges in this connection:—

	Rs.
One District Inspector ..	175 per mensem.
Four Clerks—35, 30, 25, 15 ..	105 "
Three peons—8, 7, 7 ..	22 "
Contingency	12 "
Rent ..	16 "
Touring charges ..	300 per annum.
Travelling Allowances ..	600 "
Total ..	4,860 "

Government are pleased to approve of the proposals of the Inspector-General of Education to appoint an additional Inspector for the Malnad. The charges proposed are also sanctioned, the cost during the current year being met from the provision of Rs. 17,560 made in the Budget for revision of the Inspectorate.

2. As the number of schools which each Inspector of Hindustani Schools has to inspect is not very large, Government consider that the District Inspectors need not have personal Assistants and that the services of the latter can be better utilised in actual inspection work. They are accordingly pleased to direct that the two Assistant Inspectors who are at present attached to the Offices of the District Inspectors be withdrawn from those Offices and placed in charge of Ranges. The Inspector-General of Education is requested to send up at an early date for approval of Government suitable proposals for the appointment of the District Inspector for the Malnad Hindustani Schools and for the territorial redistribution of work among the Inspecting Staff of Hindustani Schools on the foregoing lines.

3. The general question of the revision of the Inspectorate is reserved for further consideration in connection with the Memorandum on Education.

READ—

Correspondence ending with letter No. 4035—C. 407, dated 18th December 1919, from the Director of Agriculture, requesting sanctions to the grant of an advance of Rs. 30,000 for the purchase and distribution of a special strain of ragi of a heavy cropping variety and stating that out of this sum Rs. 25,000 may be considered as an advance recoverable in eighteen months, the balance being required for expenses of storage transport and not recoverable.

Order No. 6287-S—A. & E. 114-19-6, dated 13th January 1920.

Sanctioned. The whole amount, *viz.*, Rs. 30,000 will be treated as an advance in the first instance. Expenses of storage and transport, etc., should be separately met and charged to the Department. A reasonable charge may be made on this account for ragi supplied to the raiyats and that used by the Department and expenditure incurred in this connection shewn separately. If any part of the ragi bought is not sold and is used for demonstration purposes or otherwise the cost of ragi so used may be deducted from the advance and to that extent the advance may be treated as irrecoverable. All reasonable losses in the transaction should be reported to Government and written off with their approval.

The Director is requested to see that proper accounts are maintained and prompt recoveries insisted upon and to submit quarterly statement showing the price of the total quantity sold and the amount recovered from raiyats.

Horse, Pony and Cattle Breeding.

O. M. No. 6400-15 GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF
A. & E. 129-19-2. MYSORE, GENERAL AND REVENUE SECRETARIAT,
Bangalore, dated 17th January 1920.

OFFICIAL MEMORANDUM.

Rule 8 of the Rules regulating the grant of loan for the encouragement of horse, pony and cattle breeding in the State published with Government Order No. 4760-75—A. & E. 65-18-2, dated 2nd December 1918, is modified as follows:—

The loan shall be discharged in ten years from the date of disbursement. Only interest will be paid during the first three years and the principal shall be recovered in seven equal annual instalments commencing from the fourth year together with interest at 5 per cent on the balance of the principal outstanding. The borrower will however be at liberty to repay the loan earlier than the limit fixed above.

Government have had under consideration for sometime past the question of laying down the conditions upon which Officers of Government may be permitted to accept engagements and to offer expert advice outside the State at the request of foreign Governments and they are pleased to order as follows:—

When any Officer is deputed in cases of this kind, the Officer will draw his pay from the State and his travelling allowances will be borne by the authorities asking for the Officer's services. The Officer will not ordinarily be allowed to accept any fee. If a fee is to be accepted, the Officer should recoup to Government his pay for the period of his absence.

**Report on the working of the Industries
and Commerce Department.**

No. 7000-63--I. & C. 168-19-4, DATED 29TH JANUARY 1920.

**PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.**

GENERAL AND REVENUE DEPARTMENTS.

READ—

Report on the working of the Industries and Commerce Department, for the year 1918-19, received with letter No. 3328--258, dated the 20th October 1919, from the Director of Industries and Commerce.

Order No. 7000-63--I. & C. 168-19-4, dated 29th January 1920.

1. Recorded.

2. Control of the Department.—Mr. V. Rangaswamy Iyengar continued to be in charge of the Department throughout the year. Mr. C. Ranganatha Rao Sahib, Deputy Director of Commerce, was appointed Director of Civil Supplies and Food Controller, in June 1918 in addition to his duties and was engaged chiefly on work connected with the latter Office till March 1919, when he went on two months' leave, and Mr. K. H. Ramayya was appointed to act as Deputy Director. Mr. Raghava Kurup was appointed as Leather Expert on probation for six months. Mr. R. Vyasa Rao's term was extended for a further term of three years with the changed designation of Industrial Geologist. Mr. S. G. Sastry, Industrial Chemist, continued to be in charge of the Soap Factory, and also acted as Secretary to the newly formed Board for Chemical Research and Scientific Advice.

During the year under report, Mr. V. Ganesha Iyer, Superintendent of the Central Industrial Workshops, was granted a Damodar Das Scholarship and deputed to England to undergo advanced training in Mechanical Engineering. Mr. R. Vyasa Rao was deputed to Bombay, Talegoan and Madras, to conduct experiments in connection with glass manufacture with materials locally available.

Mr. B. Sitaramachar, Assistant Director, who was in charge of the Sandalwood Oil Factory, Mysore, reverted to the Industries and Commerce Department and his services were made available to the Mysore Development Syndicate for a period of six months.

3. Important Orders passed during the year.—The various forms of State-Aid in force were again examined by Government and with the object of systematising financial assistance to industries and also to ensure a steady and continuous supply of capital for concerns pioneered by Government, they have since passed orders constituting two separate funds called the Industrial Investment and the Industrial Development Funds respectively. The former will be utilised in pioneering industries of an assuredly paying character, while the latter will provide means for carrying on experimental and other developmental work. The question of appointing a definite agency for the administration of these funds is now under consideration.

The Director has also been requested to report, once every year, the financial condition of all concerns in which Government have a large interest, or are in receipt of considerable Government aid. The reports for the last year since received from the Director are under consideration.

A scheme for the periodical auditing of the accounts of all concerns under the management and control of the Department by an Expert Account Staff has been sanctioned.

An Expert Committee appointed by Government with Mr. (now Sir) Alfred Chatterton as Chairman, went fully into the question of improving the condition of hand loom weavers in the State in connection with the disorganisation of the hand loom

No. 7000-63—I. & C. 168-19-4 DATED 29TH JANUARY 1920.

weaving industry that ensued soon after the outbreak of the War, and on the recommendations of the Committee, special arrangements were made for financing Co-operative Societies of hand loom weavers and to market their output. The results are reported to have been very successful.

Government have sanctioned certain proposals of the Director of Industries and Commerce, for extending the benefits of the Provident Fund to a section of the employees of the Central Industrial Workshops.

With a view to ensuring continuous attention being paid to the development of Chemical and allied industries, Government sanctioned the formation of a Board of Chemical Research and Scientific Advice. The Board is at present engaged in investigating the possibilities of the manufacture of sulphuric acid, of alkali by the electrolytic process, etc.

4. *Industrial concerns under the control of the Department and measures taken for their expansion and development.*—Proposals were received from the Director, for the expansion of work in the several concerns under the control of the Department and these have been sanctioned in many cases. With the termination of the War and the return of trade to normal conditions, it is hoped that the requisite machinery and supplies of raw materials will become available to the necessary extent, to admit of the further development of the factories and the speedy attainment of satisfactory commercial results in each case. The question of handing over to private agency such of the concerns as have so far worked successfully is also engaging the attention of the Government. The Profit and Loss Statements of the concerns received from the Director are being verified and will be reviewed separately.

(a) *Central Industrial Workshops.*—The Staff of the Central Industrial Workshops was reorganised during the year. The Workshops and Central Industrial Stores were formed into one unit. The Instrument and Fine Art Sections were transferred to the Metal Factory.

Additions to the building were made, and additional machinery installed at a cost of Rs. 30,000 in the course of the year. The manufacture of several useful machines such as oil filter presses, button lathes, essential oil stills, wool spinning mills and carding machines, a complete soap plant, hand and centrifugal pumps, etc. was undertaken and completed during the year. The Workshop proved of great service to private people during the year as regards execution of repairs for machinery supply of spare parts to owners of power installations and the supply of agricultural implements to the Agricultural Department. Steps were also taken to increase the output. The output for the year was Rs. 1,10,624 yielding a gross profit of Rs. 30,771-3-5.

(b) *District Workshops.*—The Shimoga District Workshop was completed during the year and put into working order. Arrangements are being made to start similar workshops in the Kolar, Tumkur and Chitaldrug Districts.

(c) *Soap Factory.*—Proposals for the expansion of the Soap Factory by the duplication of the present plant and addition of mill rollers and a glycerine recovery plant, were sanctioned by Government. The Soap Factory which confined its attention to the manufacture of washing soaps only also undertook from October 1918 the manufacture of several varieties of toilet soaps which have become very popular, the demand for them at present greatly exceeding the supply. The washing soaps too are steadily gaining in popularity. The total value of soaps manufactured till the end of June 1919 is Rs. 90,000 and it is reported that the output of the Factory when developed as proposed, will be about five lakhs of rupees a year.

(d) *Metal Factory.*—The Factory commenced working in August 1918, but work was considerably retarded on account of the prevalence of influenza in the City. The value of the total output till the end of June 1919 was Rs. 37,613-12-7. Of this articles of the value of Rs. 35,000 have been sold. The demand for the brassware manufactured has been very keen. It is proposed to undertake the manufacture of copper and aluminium ware also in the near future. In the Instrument Section which was transferred to the Metal Factory from the Central Industrial Workshops, about Rs. 20,000 worth of Scientific Instrument and other articles such as brass locks fittings, electric lamps, etc., were manufactured. A system of supplying the local artisans with scrap, as also with designs for the manufacture of articles of special

No. 7000-63—I. & C. 168-19-4, DATED 29TH JANUARY 1920.

quality, was introduced and worked with some success. The further utilisation of the scrap, available in large quantities, is engaging the attention of the Department.

(e) *Weaving Factory*.—The working of the Weaving Factory was carried on, on the lines indicated by the Government in their review of the report of the Department for 1917-18 and also in their Order No. 523-8—I. & C. 47-16-22, dated the 17th July 1918, sanctioning the Director's proposals for the reorganisation of the Factory.

Owing to the outbreak of influenza and other fluctuations in the yarn market, the Factory was able to turn out goods to the value of Rs. 43,731-2-6 only consisting of coating silks, mixed cotton and silk sarees, lace-bordered sarees and dhoties. Most of the finished goods are reported to have found a ready sale.

Demonstration work in the districts was continued, though the staff is still stated to be inadequate. Six hundred and forty-four fly shuttle looms were sold during the year for Rs. 9,917-12-11. A training class for demonstrators was opened with 13 students, of whom 9 are reported to have successfully undergone the course of training. Fifty one apprentices were also trained in the Factory. The total sales amounted to Rs. 45,639-12-11. A survey of the existing condition of hand loom weaving in 118 villages was also conducted. The question of increasing the production and raising the efficiency of the workers is reported to be engaging the attention of the Department and better results are anticipated in the coming year.

Among the items of original work attempted in the Factory may be specially mentioned the designing of silk twisting and winding machines, and a new type of warping mill. The working of these was demonstrated at the Dasara Exhibition. New designs were introduced into the manufacture of cloths such as lace-bordered silk sarees, plain coating silks, mixed silk cotton sarees, etc. A Textile Museum is being organised in connection with the Sales Depot.

(f) *Army Blankets*.—The supply of army blankets to the Indian Munitions Board continued till February 1919. In all 30,755 blankets were manufactured and of these 28,743 were supplied to the Indian Munitions Board and 2,012 were held over as being not up to standard and sold locally. The departure thus introduced of the Department directly assisting the kumbli weavers is stated to have given considerable impetus to the indigenous woollen weaving industry in several important centres in the districts. The Director is requested to submit a detailed report as regards the ultimate financial results of the arrangements made by the Department to supply blankets. Good rugs are being manufactured at the Hunsur Factory which is placed under the control of the Weaving Department. The question of developing the woollen industry in the State is engaging the attention of the Department.

(g) *The Button Factory*.—The Factory having passed the experimental stage and the possibility of the manufacture of buttons on a commercial scale been demonstrated, the transfer of the same to private agency was sanctioned by Government, in their Order No. 12134-6—I. & C. 197-18-9, dated the 18th June 1919, finished and unfinished buttons of the value of Rs. 2,200 and Rs. 800, respectively, were manufactured during the year. A Comb Cutting Machine for working with wood, ivory and bone was also designed.

(h) *Sugar-cane Mills*.—The Department worked only two mills during the year, viz., at Agaram and Hudi.

The plant at Channarayapatna was completed during the year but could not be worked as no cane was available. The Agaram Mill worked ninety days both day and night, manufactured 3,826 maunds of Jaggory and 3,130½ maunds of brown sugar. The system of work adopted was a combination of a steam evaporation and open pan concentration. The Hudi Mill was handed over to Mr. Guruva Reddy, the services of a mechanic being placed at his disposal. The cane crop being poor, only 3,000 maunds of jaggory could be made. The working expenses in all the concerns, however, were very high owing to the high cost of fuel and the results on the commercial side were all aspects considered not satisfactory. The Director is of opinion that if a sufficiently large quantity of fuel in addition to the megarse is used, the results will be satisfactory and that the plants can be worked with considerable profit. With this view, he suggests that a place should be selected where fuel could be had at not more than Rs. 5 a ton.

No. 7000-63--I. & C. 168-19-4, DATED 29TH JANUARY 1920.

It is apparent that the experiments so far conducted are not conclusive and that the success of these installations is still problematical. The question requires continued attention, especially, in the light of the experience of experts that is now being collated by the Indian Sugar Committee. The Director is requested to complete all necessary investigations as to the suitability of the processes now adopted and the types of mills and pans now in use during the coming sugarcane season and to endeavour to reach some final solution of the problem which has been under the investigation of the department for a period of more than seven years.

(i) *Arts and Crafts Depot and Workshop.*—There was a great demand for the articles manufactured in the Fine Arts Workshops. Finished goods to the value of Rs. 7,000 were turned out during the year. The system of employing master artisans is reported to have proved a success and a number of men and boys are being trained by them. It would have been interesting if some more definite information as to the number of persons trained and under training and also as to how the former are employed had been incorporated in the report. It is stated that owing to the removal of the embargo on shipping, the sales of the Arts and Crafts Depot amounted to Rs. 28,397-5-2 showing an increase of Rs. 11,052-1-10 over the proceeds of last year.

5. *Investigations into the possibilities of new Industries.*—(a) *Manufacture of straw boards.*—Experiments begun in the previous year regarding the manufacture of straw boards having proved the suitability of the raw material available for the purpose, further experiments were stopped and the question of affording facilities to private enterprise to start the industry on a commercial basis by obtaining complete designs and estimates for machinery required and making the information available to persons interested in the industry is engaging attention.

Investigations into the manufacture of paper pulp and paper and improvement of the cultivation of lac also continue to receive attention.

(b) *Porcelain Industry.*—Mr. S. Deb, Ceramic Expert, Calcutta, visited certain kaolin deposits in the Bangalore District and after conducting preliminary experiments, has expressed the opinion that a Porcelain Factory may be established in the State as a paying concern. He has also undertaken to prepare a scheme for starting such a Factory.

(c) *Glass Manufacture.*—Investigations are also being conducted by the Industrial Geologist in connection with glass manufacture from local materials. Some experiments in this direction were carried on in the Talegeon glass works which have given satisfactory results.

(d) *Leather Industry.*—The Leather Expert began work in December 1918, in connection with the leather industry. A small scheme for the manufacture of 1,000 chamois skins was sanctioned during the year. As the expert resigned, however, before practical action could be taken on any of his proposals very little progress could be made in any of the branches of this industry. The question of improving the leather industry for the development of which there is great scope, owing to the facilities that exist in respect of the supply of raw hides and skins and tanning materials in the State which are now exported on a large scale, and the advantageous position created for the industry by the duty levied on exported raw hides, deserves the special attention of the department. The Director is requested to take steps to deal with this subject in a comprehensive manner and to submit proposals as to how the industry may be developed to the fullest extent possible in its various branches.

(e) *Essential Oil Manufacture.*—Experiments for distilling oil from raw materials, such as cardamom, camphor leaves, cinamon leaf, rosha grass, vetiver, etc., were also taken on hand. To stimulate the development of this industry, Government have offered certain concessions to a local syndicate which has undertaken to start a factory for the purpose.

(f) *Oil Mills.*—It is reported that attempts made for the extraction of oil from copra by means of the Anderson Oil Expeller have proved successful and that the two private presses at Davangere and Bangalore are now engaged in this work.

6. *The Home Industries Institutes.*—The Institutes at Mysore and Bangalore Cities were transferred to the control of the department from that of the Education Committee of the Economic Conference with effect from the 1st April 1919, and the

No. 7000-63—I. & C. 168-19-4, DATED 29TH JANUARY 1920.

work of registering home-workers, issuing raw materials to them and collecting and marketing of finished goods was continued. The proposals of the Director about placing the Institutes on a better working basis are under consideration.

7. *Industrial Museum*.—The Museum which is located in the machinery shed of the Dasara Exhibition, has received some accretions of machinery manufactured in the Central Industrial Workshops. It is reported to have attracted a large number of visitors and elicited many enquiries. A complete descriptive catalogue of the machinery on view, appears necessary and should be undertaken at an early date.

8. *Financial and other assistance to people to start new Industries and improve existing ones*.—The number of loan applications pending at the end of 1917-18 was 20. Forty-nine applications amounting to Rs. 2,63,250 were received during the year. Of these, 29 for Rs. 1,27,000 were sanctioned including 2 large loans of Rs. 20,000 and 10,000 for the establishment of two rice mills at Mysore and Hole-Narsipur. Twenty-four applications were rejected or withdrawn and 16 were pending at the close of the year. The department also helped private owners in the erection of 17 power installations, an Anderson Oil Expeller at Davangere and 3 rice mills at Kolar, Krishnarajpete and Channarayapatna being among them. It has to be observed, however, that the amount of loans outstanding is very large and there is evidence of a tendency for the arrears to increase from quarter to quarter. The Director is requested to attach a statement in future to the report showing the arrears due, classified according to the years to which they relate, the amount recovered and that outstanding similarly classified. The Industrial Audit Section of the Comptroller's office should be requested to examine the accounts relating to the grant of loans and to prepare a final statement of outstandings before the end of March next. Special measures should be immediately adopted for the recovery of all arrears outstanding for long periods and to enforce recovery punctually on the due dates.

9. *Industries which have received financial aid on a large scale from Government*.—The working of the Mysore Tannery showed considerable improvement and the Directors were able to declare a good dividend as a result of the year's working. The Mysore Pharmaceuticals, Limited, and the Art Litho Press are also reported as doing good work. The Mysore Economic Union, limited, has not been able to complete the installation of machinery or to make suitable arrangements for the steady supply of funds required as working capital. The Director is requested to see that this concern which has received considerable financial assistance from Government, starts work without further loss of time and to take necessary steps to safeguard the interests of Government. The Tirthahalli Tile Factory has just started working as also the Aryan Hosiery Factory, but both these factories require greater attention at the hands of the department.

10. *Work of the Commercial Section*.—During the major portion of the year, the Officers in charge of the Commercial Section were fully occupied with work in connection with food control. It was not possible to take up more than a few items of the work as laid down in the programme of work for the section.

(a) *Collection and Publication of Statistics*.—The following statistical publications were taken on hand during the year of which the second and third have been published for general information:—

(i) Review of the trade statistics passing across the Oorkads for nine months ending June 1919.

(ii) Review of railborne trade for 1917-18.

(iii) General level of present prices of 54 commodities as compared with the prices that prevailed in July 1914.

(b) *Bureau of Commercial information*.—The Bureau of Commercial Information is reported to be doing good work in answering enquiries from the merchants within the State and putting them in touch with Commercial Conditions outside. The services of the Commercial Correspondents at Madras and Bombay were fully availed of in this connection. The Library attached to the Museum is being made use of by merchants. It has since been converted into a lending library.

(c) *The Commercial Museum*.—The Museum which was till recently located in a portion of the Exhibition Buildings, has since been removed to a rented building in the business centre of the Mysore City. Large additions were made to the exhibits

No. 7000-63—I. & C. 168-19-4, DATED 29TH JANUARY 1920.

by the purchase of samples from Japan, Burma, etc. The Museum has not, however, made its influence felt yet and its development into a popular and useful institution should engage the special attention of the Deputy Director of Commerce in the current year.

Government wish to take this opportunity of reiterating that the scope for rendering useful assistance to merchants and for promoting commercial development in the State by means of the Commercial Section is considerable and that the officers concerned will be expected during the current year to complete organising the section and to show substantial progress in dealing with some of the important problems relating to the trade and commerce of the State.

Conclusion.—Government are pleased to observe that the department has done useful work during the year and that it deserves credit for what has been achieved in the face of the difficulties that had to be contended against. The thanks of Government are due to the Director Mr. V. Rangaswamy Iyengar, for the initiative he has taken in several important directions and the interest he has shown in developing industries in the State.

The work of the department and the number of new problems to be solved in future are likely to grow in complexity and will demand from the staff not only their utmost exertions but a capacity to grapple with new conditions and to undertake large investigations and schemes. The working of many of the concerns already started is in urgent need of improvement. Particular attention has to be paid to the business side of each concern. The department will be called upon to take up in a larger measure in future the functions of supplying technical advice, assistance and information to the public. The Director is requested to keep these objects in view in organising the work of the department and selecting his staff, training and employing the men in a manner calculated to achieve these results.

**Accounts in connection with the
Mysore Iron Works.**

No. 6940-4—I. & C. 212-18-9, DATED 28TH JANUARY 1920.

**PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.**

GENERAL AND REVENUE DEPARTMENTS.

READ—

Paragraph 2 of Government Order No. 4097-8 — I. & C. 124-17-89, dated the 19th November 1918, regarding periodical audit of accounts maintained in the office of the Board of Management at Bombay.

2. Letter No. 480—I. A. D., dated the 18th February 1919, from the Comptroller, forwarding, for favour of necessary orders, a memorandum containing certain points with regard to the audit of expenditure in connection with the Mysore Iron Works.

(Printed as an accompaniment)

3. Letter No. I. A. D. 122, dated the 26th August 1919, from the same officer, forwarding with certain observations, a memorandum indicating the procedure to be adopted with regard to the maintenance of accounts and the provision of funds required by the Managing Agents at Benkipura, and requesting sanction to the entertainment of two additional accountants one on Rs. 100 and another on Rs. 60 per mensem respectively.

(Printed as an accompaniment)

Order No. 6940-4—I. & C. 212-18-9, dated 28th January 1920.

Government have carefully considered the points brought to notice by the Comptroller in the memo accompanying the first of the letters read above and are pleased to observe as follows:—

I. *Project estimate.*—(a) Detailed estimates for every part of the scheme have been received and sanction of Government will be accorded at an early date.

The construction period is expected to be over by the end of 1920-21 and a programme of expenditure for that year will be prepared by the Special Officer and sent up to Government and the Comptroller. This will be the budget estimate for that year. Annual Budget Estimates will be prepared and sent up during the operation period.

(b) *Buildings.*—Sanction of Government has already been accorded to the detailed estimates regarding buildings required for the Iron Works.

(c) *Tramways.*—The Tramways required for transport of fuel, ore and flux need not, for financial purposes, be treated as part and parcel of the Iron Scheme. The accounts relating to them should be kept separate. They may be used for conveying also other forest produce, etc., and if the rates stipulated in the Agreement should be found to be too low to meet the working expenses, the question of giving a subsidy to make up the deficit may have to be considered.

The provision made in Mr. Perin's estimate on this account, may be transferred to a separate head under Railways. The Special Officer is requested to get revised figures for this as well and to furnish quarterly accounts in respect of this also as already directed.

II. *Accounts.*—The Special Officer has, in para 5 of Government Order No. 12260-7—I. & C. 294-18-2, dated the 24th June 1919, been requested to give, as far as possible, particulars regarding the amount sanctioned in the original estimate under each head, amount spent under that head, etc., once every quarter, and it is necessary therefore that he should have complete accounts regarding the project. The particulars regarding the expenditure incurred by the other disbursing agencies should be intimated to him direct by the agencies concerned and not by the Comptroller. The Comptroller will however consolidate all the accounts and keep correct and up-to-date information regarding all parts of the scheme by obtaining the necessary information from the Special Officer and other agencies concerned.

The Special Officer will also send a quarterly statement of the aggregate accounts to the Comptroller who will compare it with his books and point out differences, which may be adjusted, agreement between the two accounts being thus secured.

III. *Audit.*—(a) As the contracts for manufacture, etc., of machinery will be entered into by the Company, the Agents will be permitted to retain the original vouchers for purposes of reference, etc. But all such original receipts will be examined locally by the Government Auditors. The Agents will continue to furnish duplicates of bills or invoices in support of expenditure incurred by them and this will enable the

No. 6940-4—I. & C. 212-18-9, DATED 28TH JANUARY 1920.

Comptroller to examine in his office the expenditure with reference to the nature of charges claimed instead of relegating such examination to local audit. The Agents should, however, furnish a monthly classified account of expenditure incurred by them, which the Comptroller will incorporate in his books. The classification should be checked at the time of local audit, such local audit being carried out on the lines indicated below :—

(1) An Accountant of the Comptroller's Office will audit the accounts of the Company at Benkipura regularly under the supervision of the Assistant Comptroller in charge of the Industrial Audit Section.

(2) The gazetted officer (Assistant Comptroller) attached to the Industrial Audit Section of the Comptroller's office, will audit the accounts at Benkipura once a quarter, and

(3) The Comptroller himself will make a test audit of the work of the Government Auditors at Benkipura once a year.

The Comptroller is requested to suitably revise the form of monthly statement of accounts proposed by him in the 2nd of the letters read above, so as to admit of more details being given therein and to send it up to Government for being forwarded to the Company's Officers for necessary action. Suitable forms may also be prescribed for the reports of the Government Auditors.

(b) *Payments*.—So far as payments to the Company are concerned, these are at present being made to them, on account, subject to their furnishing a statement of expenditure incurred. As the Agents will have sometimes paid in advance for purchases made in our behalf, the amounts forecasted by them will have to be paid on demand, up to the limit provided for in our estimates for the purchases entrusted to them. The Comptroller is requested to compile a detailed statement of disbursements made to them so far, on all accounts and to send it up to Government for information and record. Similar statements should be submitted to Government once every month in future so that, Government may be in possession of full information of the accounts before further amounts are ordered to be paid.

2. With regard to the memo sent up by the Comptroller with the 2nd of the letters read above, Government are pleased to observe as follows :—

i. *System of payment by cheques*.—(a) and (b) The Company's Agents are not agreeable to receive cheques from the Special Officer for amounts to be disbursed by them, as this will necessitate their going to the Tarikere Taluk Treasury to encash the cheques, etc. The present practice of the Special Officer obtaining funds from the Treasury and paying the Company's Officers in cash, may therefore continue.

ii. *Railway and Geological Departments*.—As the Special Officer is responsible for obtaining and collecting the accounts connected with expenditure in the Railway and the Geological Departments also, the headings referred to in the card of accounts may stand.

3. With regard to the additional hands asked for by the Comptroller, Government observe that two hands, one on Rs. 80 and another on Rs. 40 have already been sanctioned exclusively for this work in addition to the large staff for the Industrial Audit Section and that it is not necessary therefore to sanction any more hands for the present. For regular and continuous audit work, however, Government approve of the Comptroller's suggestion to post the two accountants who have recently returned after training at Bombay, by turns, for one year or six months as the case may be, and to associate them with the accountant in the Agent's office so that they may get themselves thoroughly acquainted with the system of accounts maintained there.

4. With the foregoing modifications, the suggestions of the Comptroller are approved and action may be taken accordingly.

P. G. D'SOUZA,

Secy. to Govt., Depts. of Edu. & Agri.

Exd.—C. R.

No. 6940-4—I. & C. 212-18-9, DATED 28TH JANUARY 1920.

480—I. A. D., dated Bangalore, the 18th February 1919, from M. N. Krishna Rao, Esq., B. A., Comptroller to the Government of His Highness the Maharaja of Mysore, to Rajamantrapravina Dewan Bahadur, J. S. Chakravarti, Esq., M. A., F. R. A. S., Secretary to the Government of Mysore, Financial Department, through the Secretary to Government, Departments of Education and Agriculture.

Sir,—I have the honour to request you to be so good as to obtain orders of Government on the several points raised in the accompanying memorandum in regard to audit of expenditure on the Iron Scheme.

THE MYSORE IRON SCHEME.

1. *Project Estimate.*—(a) Sanction of Government is required for the project estimate in sufficient detail. The present draft estimate supplied for reference to this office appears to be only an *Abstract* estimate containing lumpsum provisions under broad heads such as "General Expenses," "Site", etc., which require further division into sub-heads. The sanctioned estimate will decide the heads for recording outlay and regulating audit with reference to estimate and appropriation. Detailed Annual Budget Estimates are also necessary for the various parts of the project to be executed each year during the progress of construction.

(b) Sanction of competent authority is necessary for detailed estimates of *individual* works such as buildings which are included in the project estimate.

(c) Whether the Tramways required for transport of fuel, ore and flux to the site of the works are to be financially treated as part and parcel of the project itself or as belonging to the Railway Department is a point for consideration. In the latter case, the cost of the Tramways will have to be treated as Capital Expenditure under Railways instead of under Iron Works, the Railway Department being paid, of course, for services rendered in transporting fuel and ore to the site of the works. It is, however, observed that a sum of nearly 24 lakhs of rupees has been provided for on this account in the draft *project estimate*, and at the same time a sum of 5 lakhs of rupees is included in the current year's budget grant of Rs. 30,76,000 for *Railways and Tramways* capital account.

II.—*Accounts.*—Accounts rendered by the various disbursing agencies, *viz.*, the Special Officer, Messrs. Tata Sons, Ltd., and the Geological and Railway Departments, have to be consolidated in this office. At the same time, it has to be decided whether, in view of the responsibilities devolved on the Special Officer in regard to the project as a whole, he should not also keep complete accounts of the project. So far as the expenditure incurred by him is concerned, he has been asked to follow the procedure prescribed for the drawing of funds and the rendering of accounts by Public Works disbursers, and if he is to maintain a complete record of outlay on the project, the expenditure incurred by the other disbursing agencies will have to be communicated to him periodically by this office.

III. (a) *Audit.*—Expenditure incurred by disbursing agencies other than Messrs. Tata Sons, Ltd., will be subject to the ordinary rules of audit of expenditure from Public Funds. But as regards the expenditure incurred by the Company, the nature and scope of audit require consideration. It has been laid down in Government Order No. 4097-8—I. and C. 124-17-89, dated 19th November 1918, that the accounts to be rendered to this office by the Company need be supported only by *duplicates* of payees' receipts, the originals thereof being retained in the office of the Board of Management in Bombay and subjected to local audit under orders promised to be passed in para 2 of the Government Order. There is no allusion, in the Government Order, to audit with reference to bills furnishing sufficient details for supplies made and services rendered. Without such audit, allocation will be impossible. It is not clear if it is the intention of Government that the final classification under the sanctioned heads of the project in the Government books as kept in the Comptroller's Office should be postponed until the expenditure is audited and classified in the course of Local Audit and that in the meantime the whole of the outlay should stand under a suspense head.

Expenditure on the project is incurred by several agencies and while the part of it incurred by all the other agencies can be audited and allocated finally, the part incurred by the Company alone will, under the arrangement authorised in the above Government Order, remain unaudited in full and unallocated to final heads. In such circumstances, it will not be possible to get out from the Comptroller's books, monthly accounts of expenditure for measuring progress of work and for comparison with appropriations and estimates. It will not also be possible to report to Government excesses over estimates or appropriations as they occur. Such an arrangement in regard to the audit and control of outlay met from public funds is extraordinary, as there will be no means to keep the sanctioning authority informed as to how the sanctions accorded by it have been acted upon.

No. 6940-4—I. & C. 212-18-9, DATED 28TH JANUARY 1920.

Proof of payment to the payee is one of the fundamentals of expenditure audit and before testing payments in this respect, it will not be possible to admit payments finally in accounts. If only duplicates of payees' receipts are to be received in the Comptroller's Office, the entire outlay will have to be held under objection until all receipts are examined in the course of Local Audit. The amount held under objection in such circumstances will be very heavy. The orders of Government do not make it clear if the original payees' receipts are to be permanently filed in the Office of the Board of Management in Bombay. The general rule in respect of all expenditure met from public funds is that, except where the responsibility in regard to the verification of evidence of payments is left to the Departmental Officers themselves, all the payees' receipts must be received and filed in the Audit Office. It is not clear for what purpose the Company may require to retain the payees' receipts. It may require copies of bills for writing up its accounts and verifying subsequent claims and even in such cases bills can be obtained in duplicate and one copy kept in the Office of the Board. I do not see why one of the duplicate bills signed by the claimant and the payees' receipt should not be sent to the Comptroller's Office, and how the transmission of these documents can put the Company to any inconvenience. If duplicate copies of bills and original payees' receipts are received in support of charges made in the Company's accounts, audit in the Comptroller's Office, so far as the requirements of Central Office Audit go, will be completely satisfied and the Audit Department will be enabled to do its duty of which the most important part is to report to the sanctioning authority all infringements of sanctions.

(b) *Present method of payments for purchases made by the Company.*—The usual arrangement in the case of a payment to be made by Government is to require production of a bill of claim specifying the supplies made or the services rendered. In exceptional cases, however, where under the terms of the arrangement, *advances* are necessary, payments are made before formal bills detailing the nature of the claims preferred are presented. The arrangement so far adopted in regard to payments for purchases made through the Company has been for the Government to send a simple requisition to the Comptroller to arrange for payment of a particular amount. The Audit Office is not told whether the payments are in the nature of advances or in payment of supplies made or services rendered and billed for. The universal practice in regard to disbursement of public funds is for the claimant to produce a bill of claim and then ask for payment. It is not clear why this rule should not be followed. In all cases in which the Company has agreed to make purchases on condition of payment on shipment or delivery, there can be no objection to present either to our Bankers in London, or to the Comptroller's Office if payment is to be made in India, the original invoices of firms claiming payment for supplies made.

The Company as a disburser of Public Funds will have to furnish accounts and vouchers as other disbursers of Public Funds are required to do.

No. I. A. D. 122—E. 3, dated Bangalore, the 26th August 1919, from T. Satvaraj Chetty, Esq., B. A., Offg. Comptroller to the Government of His Highness the Maharaja of Mysore, to P. G. D'Souza, Esq., B. A., Secretary to the Government of Mysore, Education and Agriculture Department, through the Financial Secretary to the Government of His Highness the Maharaja of Mysore, Bangalore.

Sir—With reference to Government Order No. 12260-7—I. and C. 294-18-2, dated 24th June 1919, laying down the programme of operations connected with the Iron Works at Benkipur, I have the honor to submit, for approval of Government, the accompanying Memorandum indicating the procedure proposed to be adopted in regard to accounts and the provision of funds required by the Managing Agent's Office at Benkipur. As the bills and vouchers in support of expenditure incurred by the Managing Agents will all be retained in their Office at Benkipur and subject to local audit by Officers deputed by Government, the cheque system of drawing funds from the Treasury has been proposed in lieu of the granting of imprest referred to in para 7 of the above Government Order.

2. The proposals contained in the above memorandum have been agreed to by the Special Officer who has also consulted the Company's Officers, *viz.*, the Superintendent and the Accountant stationed at Benkipur. A copy of letter from the Company's Superintendent at Benkipur communicating his views in the matter is also herewith sent. As suggested by him, the limit of Rs. 50 proposed in clause (d) of the first para of the memorandum may be raised to Rs. 100.

3. As regards the audit of the accounts maintained in the Managing Agent's Office at Benkipur, which will be conducted locally it would be necessary to employ a whole-time Officer for the purpose in the near future who would be permanently stationed at Benkipur, and I shall in due course submit proposals for the additional gazetted and non-gazetted

No. 6940-4—I. & C. 212-18-9, DATED 28TH JANUARY 1920.

staff that would be required. For the present I request you will be so good as to obtain the sanction of Government for an additional establishment of two accountants on Rs. 100 and Rs. 60 respectively which is immediately required. The Assistant Comptroller in charge of the Industrial Audit Department will, in addition to his own duties, supervise the work of audit relating to the Mysore Iron Works for the present.

Copy of letter No. 305, dated the 8th August 1919, from the Superintendent of Construction to the Special Officer, Mysore Iron Works.

MEMORANDUM *RE* IRON WORKS.

With reference to the above and our conversation of yesterday morning, we have but few remarks to pass on the Memorandum handed to us.

(a) 'All contractors' Bills amounting to Rs. 100 and above may, as far as possible, be paid by cheque.

We have no objection as long as the cheque is handed over to us for transfer to the contractor and that the contractor can be guaranteed prompt payment. As you are aware, we can command a labour force here while other work in the neighbourhood cannot secure labour. This is not on account of high rates as in some cases we pay lower rates but on account of our men being regularly paid. We therefore would wish to have the payment of contractors in our hand. There are other reasons which need not be gone into.

FOR OTHER DISBURSEMENTS.

WE ARE QUITE AGREEABLE TO ARRANGEMENT.

B. We agree with.

C. We agree with.

D. Suggest should Rs. 100.

2. to 7. We can see no objection to the smooth working of the arrangement.

T. LAKSHMANA RAO,
Special Officer, Mysore Iron Works.

MEMORANDUM *re* IRON WORKS.

The following procedure may be adopted in regard to the provision of funds, required for meeting the expenditure incurred on account of the Mysore Iron Works by the Managing Agents' (i.e., the Company's) Office at Benkipur.

(a) Funds for all local disbursements will be drawn from the 'Tarikere Taluk Treasury on cheques issued by the Special Officer. With a view to minimise the handling and transport of cash from the Treasury at Tarikere to Benkipur, all contractors' bills amounting to Rs. 100 and above may as far as possible be paid by cheques. For other disbursements (including salaries of staff, weekly wages of workmen and petty cash) cheques for the amounts required from time to time will be issued by the Special Officer in favour of the Superintendent of Works who will arrange to get the cash from the Treasury.

(b) Before issuing cheques, the Special Officer will satisfy himself that the amounts are covered, as far as possible, by bills countersigned by himself, allowance being also made for a fair margin of cash balance to meet urgent or petty cash expenditure.

(c) Payments to the Railway Station Master at Benkipur on account of the Railway freight, demurrage, etc., on consignments will be made by means of credit notes which will be issued by the Special Officer whenever required by the Superintendent.

(d) As regards payments to be made in other places such as for purchases of materials, etc.

(i) if the amount is less than Rs. 50 it may be remitted by insured post or money order.

(ii) if the amount is not less than Rs. 50, the Comptroller will arrange for payment on receipt of requisition from the Special Officer.

2. The cheques and Railway Credit notes issued by the Special Officer will be taken into the accounts of the Agents' Office then and there, while payments arranged for through the Comptroller will be journalised on receipt of intimation from him.

3. The transactions of the Bombay Office of the Managing Agents will all be included in the accounts maintained at Benkipur which will thus be complete in every respect. All vouchers will be obtained and kept in the Benkipur Office so as to facilitate local audit of the entire accounts at Benkipur by the Auditors of Government.

No. 6940-4—I. & C. 212-18-9, DATED 28TH JANUARY 1920.

4. The marginally noted heads in the Card of Accounts will have no place in the accounts maintained in the Agents' Office as the corresponding items of work are to be executed by the Geological and Railway Departments of Government.

R. M. = Raw Materials.

1. Iron Ore Equipment.
2. Stone Quarries Equipment.

F. R. = Forest Railways.

1. Portable Railways.
2. Permanent Railways.
3. Locomotives and Rolling Stock.

5. The outlay already incurred by the Special Officer on account of the works (*i.e.*, temporary buildings, store-sheds, clearing of land, purchase of materials and construction tools, handling of machinery, Railway freight, etc.) will be transferred and taken on to the Agents' Office books so that these may form a complete record of the expenditure on the Distillation and Iron Works.

6. A monthly statement of account in the *appended form* will be sent by the Agents' Office to the Comptroller through the Special Officer.

7. The Special Officer will send the following monthly returns and statements to the Comptroller.

- (1) Statement of cheques drawn and remaining uncashed at the end of the month.
- (2) Forecast of drawings from the Tarikere Taluk Treasury on cheques.
- (3) Statement of Railway Credit notes issued. Cheque Books for the use of the Special Officer will be supplied by the Comptroller.

A treasury Pass Book will be maintained by the Special Officer and it will be sent to the Treasury for being completely written up at the end of every month.

The Permanent Advance of Rs. 2,500 now held by the Special Officer will be refunded.

T. SATYARAJ CHETTY,
Offg. Comptroller.

Officers of Government serving on the
Directorate of concerns receiving
Financial aid from Government.

No. 7065-8—I. & C. 275-19-3, DATED 29TH JANUARY 1920.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

READ—

Government Order No. 2670-2—A. & I. 195-14-4, dated the 9th December 1915, directing that there should be an official member of the Industries and Commerce Committee on the Directorates of all Joint Stock Companies receiving financial help from Government along with a financial officer so that Government may be in touch with both the financial as well as the industrial side of such concerns.

2. Government Order No. 4743-7—I. & C. 21-17-20, dated the 17th November 1917, sanctioning the grant of a loan of Rs. 25,000 to the Mysore Pharmaceuticals, Limited, on certain conditions and appointing the Director of Industries and Commerce to the Directorate of the Company.

Order No. 7065-8—I. & C. 275-19-3, dated 29th January 1920.

With a view to enabling Government to keep themselves in touch with the financial position of such concerns as are in receipt of financial aid from them they are pleased to direct that reports on the business management, general working and financial results of each concern be regularly forwarded to Government at the end of each half-year by the Officers of Government who are authorised to serve on the Directorate of such concerns.

As regards the Mysore Pharmaceuticals, Limited, the Director of Industries and Commerce is requested to forward a detailed report at a very early date.

P. G. D'SOUZA,

Secy. to Govt., Lcpts. of Edn. & Agri.

Agricultural Banks.

No. 5711-22— E. C. 70-19-3, DATED 2ND JANUARY 1920.

**PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.**

GENERAL AND REVENUE DEPARTMENTS.

READ—

Report on the working of the Agricultural Banks in the State during the year 1918-19, received with letter No. 7969—C. S., dated 23rd October 1919, from the Officiating Registrar of Co-operative Societies and Inspector of Agricultural Banks.

Order No. 5711-22—E. C. 70-19-3, dated 2nd January 1920.

Recorded.

2. The only Banks which were in working order at the end of the year were those at Palhalli and Hongenahalli and both of them have done a fair amount of business during the year.

3. During the year under review the bank at Issor in the Shikarpur Taluk went into voluntary liquidation and their small surplus amount was utilised with the approval of Government for the purpose of supplying books to poor students.

4. Forty three Co-operative Societies have been started till now in places where the Agricultural Banks existed. Three of these societies were started during the year at Thyamagondul, Aradesahalli and Sargur.

5. The collection of arrears due by some of the defunct banks to Government continues to be unsatisfactory. The arrears are as usual heavy in the Bangalore and Mysore Districts. The poor collection during the year is attributed to the prevalence of influenza and the unfavourable seasonal conditions. It is hoped that there will be appreciable improvement in the matter of the collection of arrears during the current year.

P. G. D'SOUZA,

Secy. to Govt., Depts. of Edn. & Agri.

The Economic Development Board.

No. 6101-65—E. C. 15-19-63, DATED 12TH JANUARY 1920.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. 514-66—E. C. 15-19-1, dated 12th July 1919, sanctioning the reconstitution of the Economic Conference with effect from 1st January 1920 and defining the functions of the various agencies.

2. Government Order No. 5016-75—E. C. 15-19-55, dated 10th December 1919, issuing instructions regarding the transfer of work from the District Committees to the District Boards.

Order No. 6101-65—E. C. 15-19-63, dated Bangalore, 12th January 1920.

The following subsidiary instructions are issued regarding the conduct of work of the several agencies of the Conference, preparation of Programmes, Budget, powers of expenditure and co-ordination of work between the several Boards and the Departments of Government.

ECONOMIC DEVELOPMENT BOARD.

Meetings.—The Board will meet once in four months, ordinarily on the last Saturday of the month. At least two-fifths of the members should be present to form a quorum. The notice of meeting and agenda will be circulated so as to reach the members at least one week before the date of the meeting.

Work of the Board.—The Board will, in addition to settling programmes of work, reviewing progress of work of the several agencies and considering recommendations and schemes that may be sent up by the Central Boards and City Municipal Councils, arrange for the conduct of work relating to the annual Conference. Such of the recommendations of the Central Boards as require consideration by the Economic Development Board will be placed before it at one of the meetings of the Board under the orders of the President.

CENTRAL BOARDS.

Meetings.—The Central Boards will meet at least once in two months, ordinarily on the third Saturday of the month. Two-fifths of the members should be present to form a quorum. Notice of each meeting and agenda should be circulated to the members so as to reach them at least one week before the date of the meeting, copies thereof being simultaneously forwarded to the Economic Development Board for information. Urgent subjects not included in the agenda may be taken up with the approval of the Chairman.

Programme.—A programme of work for the year will be prepared by the Boards concerned and forwarded to the Secretary, Economic Development Board, about the 10th May previous for approval by the General Conference.

Sub-Committees.—At the first meeting of the Boards for the year the Boards will select the most outstanding subjects in the programme for consideration during the half-year and constitute sub-committees for working out the same. These sub-committees may meet as often as may be necessary. The programme will be further examined to select important items of work for the second half-year. Whenever a subject is referred to a sub-committee a time limit should always be fixed for sending up its recommendations.

Conduct of work.—Ordinarily all work of the Board will be transacted at a meeting or meetings of the Board. But in urgent cases the papers may be circulated to the members and the recommendations for decision of the Board recorded on receipt of the views of the members.

The Chairmen of the Boards may also constitute a standing sub-committee of the Board for the consideration and disposal of urgent questions of importance which cannot wait till a meeting of the Board is convened in the usual course, such as applica-

No. 6101-65—E C. 15-19-63, DATED 12TH JANUARY 1920.

tions for financial aid by private bodies, committees or individuals, etc. The recommendations of such standing sub-committee should be submitted to the Economic Development Board without delay for final orders, the same being placed before the next subsequent meeting of the Board for their information.

A typed copy of the proceedings of each meeting should be sent to the Economic Development Board not later than a week after each meeting is held and arrangements made to circulate printed copies as early as practicable. Such of the resolutions on which orders of Government are required or action has to be taken by other Departments should be forwarded to the Secretary, Economic Development Board with definite recommendations in each case as to the action proposed to be taken thereon.

Establishment.—The disciplinary control of the establishment of the Boards will vest with the Chairmen, who will also have power to entertain additional temporary staff whenever considered necessary subject to conditions laid down in para 7 of the Government Order of the 12th July 1919. In all other cases recommendations affecting establishments will be made to the Economic Development Board in the first instance.

Expenditure.—A monthly statement of expenditure incurred by the Boards will be sent to the Economic Development Board by the 10th of the month following for being placed before the Board.

Budget.—An estimate of the requirements of the Boards will be prepared and sent to the Economic Development Board by the 25th February so that a consolidated preliminary estimate of the requirements of the whole department subject to the approval of the annual Conference may be submitted to Government in time.

Annual Report.—The Boards will forward to the Economic Development Board their reports of work done during the year by the 15th May for being placed before the annual Conference.

DISTRICT BOARDS.

Meetings.—Meetings of the sub-committees of the Board will be held once at least every month. Two-fifths of the members should be present to form the quorum.

Programme.—The District Boards will also work in accordance with a programme on the lines of that of the Central Boards with special reference however to local wants. The programme should be prepared in time for being placed before the annual Conference for consideration and suggestions.

Conduct of work.—At each meeting of the Board the work done by the sub-committees and the several Taluk Boards and Town Municipal Councils should be reviewed. The general procedure of the District Boards in accordance with the rules in force will also be applied with regard to the recommendations coming before the District Boards from the three sub-committees and such of the resolutions on which orders of Government are necessary will be forwarded to the Central Board concerned with definite recommendations as to the action proposed to be taken thereon. Recommendations of a general nature which do not relate to the work of any individual Central Board will be submitted to the Economic Development Board. A copy of the proceedings of the District Boards so far as it relates to the work of Economic Development together with a brief summary of the proceedings of the Taluk Boards should be forwarded to the Central Boards as well as to the Economic Development Board within one week after the meetings are held.

Expenditure.—A monthly statement of expenditure incurred by the Boards will be forwarded to the Economic Development Board within the 10th of the following month.

Budget.—The Budget estimates of the Board will be forwarded to the Economic Development Board by the 20th February.

Powers of the Presidents of the District Boards.—The Presidents of District Boards will have full discretion to incur expenditure within the budget grants on schemes approved by the Board. Questions relating to the entertainment of additional establishments or similar recurring charges will be submitted for sanction to the Economic Development Board.

Annual Report.—A report of work done by the District Boards will be forwarded to the Central Boards and the Economic Development Board by the 1st May.

NO. 6101-65—E. C. 15-19-63, DATED 12TH JANUARY 1920.

TALUK BOARDS AND TOWN MUNICIPAL COUNCILS.

As regards meetings and conduct of work of the Taluk Boards and Town Municipal Councils and their sub-committees the same procedure will, *mutatis mutandis*, be followed as is prescribed for the District Boards.

READ—

Government Order No. FL. 473-503—G. F. 15-09-2, dated 15th July 1909, issuing revised rules for the acceptance of charitable endowments and allowing interest on such deposits at 4%, *i.e.*, $\frac{1}{2}\%$ in excess of the rate on the Government of India $3\frac{1}{2}\%$ securities.

2. Government Order No. FL. 470—G. F. 21-17-1, dated 30th July 1917, allowing in special cases of charitable endowments a rate of 5% interest temporarily for a period of five years in view of the temporary enhancement of the rate of interest on Savings Bank deposits.

Order No. FL. 4002-51—G. F. 36-18-14, dated 8th January 1920.

On a consideration of all aspects of the case, Government are pleased to direct that the rate of 5% interest allowed under the Government Order of 30th July 1917, will have effect only up to 29th July 1922, inclusive, provided that in the case of endowments in which payment at 5% has been specifically sanctioned for a period of five years from the date of the orders accepting the endowments, such orders shall be given effect to.

With regard to endowments offered prior to the Government Order of 30th July 1917, and accepted under the Government Order of 15th July 1909 also, interest at 5% will be paid for the period from 30th July 1917 to 29th July 1922, both days inclusive.

In the case of endowments already accepted in which the whole amount promised has not been paid up, the payment of enhanced interest at 5% as above will be allowed subject to the donors' fulfilling the terms of their promises.

Grain Compensation Allowance.

No. FL 4171-220—G. F. 5-19-11, DATED 17TH JANUARY 1920.

**PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.**

GENERAL AND REVENUE DEPARTMENTS

READ—

Government Order No. FL 100-119—G. F. 5-18-1, dated the 9th July 1918, sanctioning rules for the grant of grain compensation as per scale given in Article 72, Civil Account Code, Volume I, ragi being considered as the staple food grain and the taluk the unit.

2. Government Order No. FL 2047-96—G. F. 5-18-29, dated the 23rd October 1918 sanctioning rules for the grant of compensation for dearness irrespective of the price of any particular grain or commodity in the two Cities of Bangalore and Mysore.

Order No. FL 4171-220—G. F. 5-19-11, dated 17th January 1920.

In accordance with the orders read above, the grant of grain compensation allowance is sanctioned for the month of January 1920, to the employees in the two Cities of Bangalore and Mysore and to those in the several taluks in the State as noted in Annexures A and B appended to this order and as indicated below:—

(a) To the employees in the taluks in Annexure A, the allowance will be at the following rates:—

- (i) To those drawing a pay exceeding Rs. 16 but not exceeding Rs. 30 per mensem, Rs. 2 per mensem.
- (ii) To those drawing a pay not exceeding Rs. 16 per mensem, Re. 1.
- (iii) When the pay is less than Rs. 5 per mensem, the extra allowance will be increased so as to bring up the aggregate pay and allowance to Rs. 6 per mensem.

(b) To the employees in the Cities of Bangalore and Mysore and the taluks in Annexure B, the above allowances will be raised to Rs. 3 and Rs. 1-8-0, respectively, and the aggregate pay and allowance of servants on less than Rs. 5 per mensem brought up to Rs. 6-8-0 per mensem.

READ AGAIN—

Government Order No. Fl. 900-48—G. F. 31-14-1, dated 27th August 1914, prescribing the procedure for drawing and adjusting the advances drawn from the Treasury for meeting the expenses in connection with the remittance of treasure and for granting advances to Barr Sepoys accompanying such remittance.

2. Letter No. C. 1958—G. C., dated 1st December 1919, from the Revenue Commissioner, suggesting for the consideration of Government and approval, a form of statement for furnishing necessary information to facilitate adjustment of the advances in question.

(Printed as an annexure.)

Order No Fl. 4235-44—G. F. 155-19-2, dated 19th January 1920.

The proposal of the Revenue Commissioner is approved. In the remark column, the number and date of the advance memo on which the advance was obtained may be noted to facilitate reference.

M. N. KRISHNA RAO,
Officiating. Finl. Secy. to Govt.

To—The Revenue Commissioner in Mysore.
The Comptroller to Government.
The Deputy Commissioners of Districts.

Exd.—C.R.

(ANNEXURE.)

Letter No. C. 1968—G. C., dated 1st December 1919, from the Revenue Commissioner in Mysore, to the Financial Secretary to Government.

Referring to Government Order No. Fl. 900-48—G. F. 31-14-1, dated 27th August

1. Serial number.
2. Name of the sepoy.
3. The Division to which he belongs.
4. The amount advanced to him.
5. Date of remittance of treasure (from the sending treasury and route sanctioned).
6. Date of receipt of treasure, (at the receiving treasury).
7. Number of days occupied in transit.
8. The number of days on which the Sepoy halted at the receiving station and the date on which the escort was permitted to return.
9. The number of days occupied for the return journey (From.....To.) and date of arrival.
10. Remarks, if any.

1914, prescribing the procedure for drawing and adjusting the advances drawn from the Treasury for meeting the expenses in connection with the remittance of treasure and for granting advances to Barr Sepoys accompanying such remittance, I have the honour to state that to avoid much of the existing confusion and delay in the accounts relating to such advances, and also to secure some uniformity in the statements furnished by the several Treasury Officers, it is desirable to prescribe a form for the statement which the Treasury Officers are, under clause (d) of the Government Order, required to forward to the Chief Commandant, concerning the amounts advanced to the sepoys and the journeys and halts made by them. It is accordingly suggested for kind consideration and approval of Government that the said statement might conveniently furnish the information under the marginally noted headings and thereby facilitate the prompt adjustment, by the Chief Commandant, of the advances to Barr Sepoys from the travelling allowance or pay due to them. These forms should be handed over to the Naick or Duffedar in charge of the Treasury with entries up to column 5 filled in by the Treasury Officer. It should be the duty of the Escorting Officer to get the subsequent columns from 6 to 8 filled in by the Treasury Officer of the receiving station and to hand over the forms thus filled up to the Despatching Station. The Treasury Officer of the latter station should forthwith fill in the remaining column and send the forms to the Chief Commandant for passing the Travelling Allowance bills and adjusting the advances.

R. H. C.—689	31-5-1919	" " Kolar.

Order No. 1932-41—Muz. 526-11-11, dated 5th January 1920.

The collection of fees at the jatras is not part of the legitimate duties of Taluk Gumastas and other officials and where these officials are employed on such work in addition to their ordinary duties, Government consider that they are entitled to the payment of a suitable commission for it.

2. The reports received from the Deputy Commissioners show that the practice in respect of payment of commission is not uniform in the districts. In some places the right to levy the fees is sold by auction or given out on contract; and in such cases, the question of the payment of commission does not arise. In others, the collections are made either by the temple servants and Dharmadarsis or by the village officials or by Taluk officials or by more than one of these agencies co-operating with one another. In such cases, Deputy Commissioners are authorised to sanction at their discretion, a commission not exceeding 3 per cent of the collections to the official agency employed for the purpose, provided that no other paid agency is employed or entertained for the work, and that the officials who are deputed to do the work attend to it along with and without prejudice to their ordinary duties.

Vani Vilas Water Works.

No. P. W. 1687-92—M. 7270-75, DATED 7TH JANUARY 1920.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.

PUBLIC WORKS DEPARTMENT.

READ—

Letter No. W. A. D. Mis. 157, dated 3rd December 1919, from the Comptroller, forwarding, for approval, a copy of the Capital and Revenue Accounts of the Vani Vilas Water Works (Mysore City Water-Supply) for the year 1918-19.

Order No. P. W. 1687-92—M. 7270-75, dated 7th January 1920.

Recorded.

2. The preparation of Capital and Revenue Accounts for the Vani Vilas Water Works was ordered in 1916. The account now received is compiled for the first time and it covers a period of 25 years, viz., from 1893-94 to 1918-19.

3. The capital outlay on the scheme to the end of 1918-19 was Rs. 14,96,388 inclusive of the indirect charges amounting to Rs. 35,434.

4. The gross revenue from the project from 1910-11 to end of 1918-19 was Rs. 1,65,849 exclusive of the revenue realised during the period of 1902-03 to 1909-10 when the work was in charge of the Mysore City Municipality. The working expenses including depreciation aggregated Rs. 13,84,101. The net result was a deficit of Rs. 12,18,252. If charges on account of interest at 4 per cent (simple interest), which amount to Rs. 7,56,244, be added, the deficit would stand increased to Rs. 19,74,496.

5. It is stated that the cost of some works of the Kukerhalli project which were utilised for this scheme as well as the cost of lands acquired for the scheme itself have not been included in the accounts, as also the capitalised value of abatement of land revenue. Inclusion of these figures and of the revenue realised from the project during the period the water works were under the charge of the Municipality will further modify the results. These particulars should be ascertained and included in the next accounts as proposed. The Superintending Engineer, Western Circle, and the Mysore City Municipality should be requested to furnish them without delay.

6. The account for 1918-19 may be printed and issued to all officers concerned.
